MRS. JOHNSON TAKES LEADERSHIP

HOOVER DEPARTS TONIGHT FOR CALIFORNIA

ALIBI SEASON TO OPEN TUESDAY EVE, ROGERS FORECASTS

(Special To The News)

NEW YORK, Nov. 1.—Well, the promising season ends next Tuesday, and at about 8 o'clock that same night "alibi" season opens and lasts, for the next four years.

To show you what campaign promises amount to, can you remember back a few weeks ago when the promise was made on both sides that "the campaign was to be run on a high plane?"

This campaign ends Tuesday, but it will take two generations to sweep up the dirt.

Yours, WILL.

PA NEWC OBSERVES

After election day comes Armistice day—November 11—which is Sunday. This is the tenth anniversary of Armistice day and should be observed in a special manner.

Mrs. Grace Phillips Johnson, who headed the successful Community Chest drive one year ago, has again assumed the reins, in the absence of R. C. Love, who was named chairman of the campaign. Mrs. Johnson is a public spirited citizen of New Castle who has many times shown her interest in the welfare of her home city, but never has she demonstrated that interest any more notably than at the present time. The chest campaign will succeed.

From the sound of the bombardment in the environs of New Castle early this morning, and the number of auto loads of hunters noted driving towards the country, one would be convinced that the rabbit hunting season was opened this morning.

There must be some hardy individuals in this city. Some of the scanty costumes worn on Hallowe'en weren't exactly what Pa Newc would consider comfortable on a night as chilly as Wednesday evening.

Times have changed. It seems to be the custom now-a-days for the gangs of Hallowe'eners who visit homes about the city to be received with a treat of candy, or some other delicacies.

Police officers were kept busy answering calls to various parts of the city last night, where boys' antics got annoying to the neighborhoods. Few reports of any real damage perpetrated have been received, however.

Pa Newc, the younger, had a nice joy ride on the new fire truck yesterday afternoon on its way over to the Neshannock at Water street. It would be a lot warmer riding if it had a sedan instead of a touring chassis. At that though, it's a classy wagon and has without dispute from the hol the loudest horn of any ve- in the county.

yodeling with meaning toward w fire truck, several hundred s galloped down Mill street at als all during the test yesterday noon. The water, noise and ds made all believe that there a sure fire. One little fellow was to mutter a word which sounded tly naughty when it turned out a fizz.

Pa Newc observes: Lady, beg par- on, woman in tobacco store buying pack of cigarettes which she care- fully stored in her hand bag. No, they evidently weren't for hubby; ro- und gentleman rescuing automobile eys which a woman dropped in wa- er; numerous persons buying mum- mers' faces yesterday afternoon in reparation for last night's parade; chool boy asking for history and sig- nificance of Hallowe'en for a class oom theme; and three more lady rivers run through stop lights.

New Castle automobile dealers in their association hope to establish different rules pertaining to pedes- trians and street lights. Pa Newc ob- erved that the average pedestrian oes pay little attention to lights and that many motorists are forced to come to a halt even when they have the light to go. To have safety, street walkers will have to take their turn with the lights as well as the moto- ists.

There is money lost other than in the stock exchange, state street sweep- ers. Some of the boys get quite a sum from the streets. Nickels, dimes, nibs, every small article imaginable is found by sweepers in their tasks cleaning up.

Hoover To Start Westward Tonight To End Campaign

Herbert Hoover Highly Confident As Time Comes To Leave Washington

WILL MAKE SPEECH IN ST. LOUIS FRIDAY

Republican Chieftain To Traverse 12 States In Journey To Coast

By LAWRENCE SULLIVAN
International News Service Staff Correspondent

WASHINGTON, Nov. 1.—Reaffirming his confidence in Republican victory next Tuesday, Herbert Hoover headed his Presidential offensive into the West today on the last lap of his first campaign for elective office.

After cleaning up odds and ends on his personal desk, and bidding adieu to the staff at Republican national headquarters which has carried the brunt of the campaign burden, Hoover planned to call at the White House to pay his respects to President Coolidge before leaving at five o'clock this evening for his home in Palo Alto, California, where he will cast his ballot November 6.

En route to the Pacific coast Hoover will transverse 12 states, delivering a prepared address in St. Louis tomorrow evening and brief talks in at least three other cities—Cumberland, Md., tonight; Louisville, Ky., tomorrow, and Pueblo, Colorado, Saturday evening. Along the entire trans-continental route he will greet station crowds from the platform of his car, speaking informally wherever his hurried schedule will permit.

Four States Doubtful

Maryland, Missouri, Kentucky and Colorado will be the states of principal strategic interest in the Hoover overland finish, for it is in these states that the Democratic managers have made their strongest appeals. Governor Smith has carried his colorful and high-powered campaign into each of the four commonwealths, and in each the opposition

Big Snow Storm In Iowa Region

Four-Inch Snowfall Is Reported From Vicinity Of Sioux City

MOVING EAST, SAYS WEATHER BUREAU

(International News Service)

SIOUX CITY, Iowa, Nov. 1.—Sioux City and vicinity today were in the grip of a midwinter snow storm. More than four inches blanketed the ground and burdened telephone and telegraph wires. The snow was driven by a northeast wind.

CHICAGO, Nov. 1.—Marking the first general snow storm of the winter, a western storm is moving directly eastward from the Rocky mountains, the weather bureau here reported today. Considerable snowfall has been registered in the Rocky mountain regions with the center of the storm today on the middle plains states.

A cold high area at the same time is rushing southward from the Canadian northwest with temperatures down to freezing in the west as far south as the Texas Panhandle, the bureau here reported. Readings close to zero have been registered in the Canadian northwest.

Snow is falling heavily in parts of Iowa.

LAKE FOREST, Ill., Nov. 1.—While Elfrieda Knaak hovered between life and death in a hospital here today, bewildered relatives and Lake county authorities stod watch at her bedside for some word that might clear the mystery of the horrible burning she received in the furnace of the Lake Bluff police station.

Another hope of authorities for light on the baffling case was blasted today when Marie Mueller, was located and taken to the hospital to face Miss Knaak. The two girls had been companions in the study of advanced psychology.

Maintains Same Attitude.

As Miss Mueller stood at her bedside, Miss Knaak forced a faint smile and said:

"I did it all myself. I have told all."

Miss Knaak insisted that she went to the basement of the police station at midnight last Monday for a rendezvous with her "astral sweetheart" and that when he failed to keep the appointment she decided to "purify" herself with fire to become "worthy of the great love" she bore him.

She said she placed first her feet and then her arms and head in the furnace firebox. She was found nude, her feet and hands charred, near the furnace Tuesday morning.

Certain clues which indicated the girl was not alone in the basement caused authorities to round up several close friends and acquaintances for

College Student Killed In Crash

Harold Minnick, W. & J. Student, Killed As Machines Sideswipe

THREE OTHERS ARE REPORTED INJURED

(International News Service)

WASHINGTON, Pa., Nov. 1.—En-route to Wheeling, W. Va., from a Hallowe'en party at a fraternity house party at Washington-Jefferson College here, one youth was killed, another seriously injured and their two girl companions slightly injured when the auto in which they were riding sideswiped another machine and was wrecked along a highway at Claysville, near here early today.

Harold Minnick, 21, of New Bethlehem, Clarion county, Pa., a sophomore at Wash-Jeff and leader in student and social activities was killed. Chauncey Frazier, 21, of Washington, the driver of the machine, suffered body and internal injuries. He underwent an operation in the Washington hospital here, and was pronounced in a critical condition.

The girls, both of Wheeling, are Anna Marie Jack, who suffered a broken collar bone, and Betty Lindellf, who suffered shock and slight bruises.

Were Speeding.

Authorities said they learned the machine was traveling at a high rate of speed. The other machine kept to the road and was not damaged, police reported.

The two couples had attended the Hallowe'en celebration at the Delta Tau Delta house.

The accident occurred about two a. m. when the youths were taking the girls to their homes in Wheeling. The four young people were rushed to Washington hospital where Minnick died about two hours later, and where an immediate operation was made upon Frazier. Frazier, a former student at Wash-Jeff, is the son of C. E. Frazier, president of the Simplex Engineering Company of Washington.

Minnick was drum major of the Wash-Jeff band and an assistant student manager of the football team. He was a member of Phi Delta Theta.

Last February Frazier had been confined to the hospital for eleven weeks from injuries received in an auto accident. In that smashup he was riding on the running-board of the machine.

Hoover And Coolidge In Final Conference

(International News Service)

WASHINGTON, Nov. 1.—Herbert Hoover spent a half hour with President Coolidge today at the White House on the eve of his departure for the West.

After the conference they walked to the south end of the grounds, posed for pictures, and said goodbye.

"Goodbye, Mr. Hoover," the president said. "I wish you a pleasant trip to California, and I wish you luck."

"Goodbye Mr. President," the Republican candidate replied: "I thank you".

Zeppelin Makes Trip To Germany In Faster Time

Average Speed For Return Trip Is About 60 Miles Per Hour

THOUSANDS GREET SHIP IN GERMANY

Stowaway Is Presented With Passport On Arrival At Friedrichshafen

By OTTO D. TOLISCHUS
International News Service Staff Correspondent

FRIEDRICHSHAFEN, Nov. 1.—With all the world lauding her feat, the Graf Zeppelin, the first trans-Atlantic passenger and mail air liner, was back in her hangar today after smashing all records for a trans-Atlantic crossing by lighter-than-air craft on her return flight from Lakehurst, N. J.

The huge silver-sheened ship first appeared over the air field here today at 4:46 a. m. (10:46 p. m., E. S. T.). She had covered the 4,000 miles from Lakehurst in 68 hours and 52 minutes at an average speed of slightly less than 60 miles an hour.

With 24 passengers, her crew of 40 and one stowaway safely aboard she cruised about over the field more than two hours while thousands below shouted and sang themselves hoarse.

Brought to Earth

After slowly nosing downward, landing ropes were dropped from the ship at 7:02 a. m. (1:02 a. m., E. S. T.). She was brought to earth easily by a ground crew of several hundred and pushed safely into her hangar at 7:06 a. m. (1:06 a. m., E. S. T.), 71 hours and 12 minutes after starting from Lakehurst.

The majestic picture of the "Queen of the Skies", floating above in the dim light of the dawn, thrilled the thousands who had congregated on the field below hours before.

When the ship first appeared the throng broke through the police lines, wildly gesticulating and shouting. After a time the crowd became more orderly and took to singing patriotic songs played by a band on the field.

Dr. Hugo Eckener, commander of the ship, radioed that there was not enough light for a landing and told officials on the field he would signal when he would land.

A little earlier came another radio. Just the terse words:

"Arrest stowaway on landing."

Commander First to Descend

Later the Zeppelin slowly descended. Dr. Eckener was the first to descend from the ship. He was closely followed by Captain Lehmann. They were warmly greeted by their wives, who carried huge bouquets of flowers.

Then the customs officials boarded the airship. Jocular remarks from the crowd entreated them not to take as long as the American officials at Lakehurst.

Theodore Matejko, the cartoonist, who made the trip both ways, was the first passenger to leave the ship.

Mrs. Clara Adams, the only woman aboard, left the ship wreathed in smiles.

"I've had a wonderful trip," she proclaimed enthusiastically. "I'll

To Have Reception For Rev. Watkins At City Mission

New Superintendent To Be Honored At Informal Gathering Friday Evening

Full details have been completed for the reception to be given in honor of the new superintendent of the City Rescue Mission, Rev. B. J. Watkins and Mrs. Watkins, who have recently come to this city from State Line, Pa., to assume their work at the mission.

The reception will take place Friday evening at 7:30 in the mission on South Mercer street. An effort is being made to have all the ministers of the city and members of the board of directors of the mission attend.

An attractive program will be presented, consisting of speeches and music. Rev. Walter E. McClure, pastor of the First Presbyterian church, will be the principal speaker of the evening. Vocal numbers will be given by Mrs. Charles Eddy, Mrs. D. E. McCreary and Rev. J. L. Petrie. Rev. Petrie will also give a saxaphone solo. Friends of the mission are invited to be present and greet the superintendent and his wife.

Road Supervisors Fix Pulaski Road

Road supervisors of Neshannock township are now busily engaged in putting the Pulaski dirt road in that district in first class condition for the coming winter. They are rounding it off and placing a covering of slag on it, which it is anticipated will keep it out of the mud during the coming winter months. The people of that district thoroughly appreciate the effort of the supervisors.

Governor Smith In New York For Campaign Close

Smith Continues Slashing Attack Upon Republicans In His Address

By GEORGE R. HOLMES
International News Service Staff Correspondent

NEW YORK, Nov. 1.—Another slashing attack on Republican policies and leaders behind him, Governor Smith was back in New York today to finish his fight for the presidency on home soil. He will not leave the city again until he knows whether he is to be the next president or just another defeated aspirant.

Governor Smith closed his campaign outside New York last night with a speech in New Jersey in which he assaulted the whole Republican breastworks, from candidates to policies, and again dealt in no uncertain terms with the issues he himself has raised in the campaign.

Rousing Welcome.

The speech followed an old-fashioned political celebration in the Democratic stronghold of North Jersey, which for sheer exuberance, red-fire and boisterousness equalled anything that the Democratic candidate has met in his campaign travels. The

CHEST CAMPAIGNERS ARE ENTHUSIASTIC TO COMPLETE DRIVE

Final Meeting Is Set For Friday Evening At Cathedral

Eleventh Hour Drive Is Under Way To Raise Year's Quota

Because she realized that she was needed, and because the board of directors of the New Castle Community Chest, the presidents of the various agencies and the division leaders realize her sterling worth to the community at large, Mrs. Grace Phillips Johnson, who so successfully directed the Community Chest drive of 1927-28, will be the general chairman of the remainder of this year's campaign in the absence of Robert C. Love, who was appointed general chairman some time ago, it was announced to the 250 team captains and workers at the report dinner which took place Wednesday evening in the east dining room of The Cathedral.

"During the absence of Mr. Love, we have persuaded our co-worker to take his place," declared William F. Moody, president of the chest organization, in announcing the appointment of Mrs. Johnson. "It gives me great pleasure to tell you all that Mrs. Grace Phillips Johnson, perhaps the finest woman in New Castle, will take his place for the remainder of the campaign, which has been extended to Friday evening, when a dinner meeting will be held."

Mrs. Johnson Speaks.

"I want you all to know that I am just as vitally interested in the success of the campaign this year as I was last year," said Mrs. Johnson aft-

MRS. GRACE PHILLIPS JOHNSON

Mrs. Johnson, who was head of the successful Community Chest campaign last year, has stepped into the breach and taken over the leadership of the present Community Chest campaign, in the absence of Chairman R. C. Love, for the remainder of the drive.

The chest fund campaign will go over the goal set. Mrs. Johnson and the workers are determined on that score. Action of Mrs. Johnson has kindled new enthusiasm among the campaigners and it will be the song of victory that will be sung at the meeting Friday night, all are determined.

Final Figures In Poll Show Hoover Ahead

Presidential Poll Gives Smith Lead In Only Four States

(International News Service)

NEW YORK, Nov. 1.—Final figures in the "Literary Digest's" presidential election poll were published today, giving Herbert Hoover a commanding lead over Governor Alfred E. Smith.

A total of 2,767,253 votes were received out of the 19,000,000 ballots sent out, and of this number Herbert Hoover received 1,750,584 to 987,795 for Governor Smith, or a percentage of 63.2 for Hoover to 35.7 for Smith. Some of the returns were scattered among other candidates.

ESTIMATE 25,000 PERSONS IN HALLOWE'EN CELEBRATION HERE WEDNESDAY NIGHT

Several Thousand Mummers In Line Of March; Weather Is Excellent

Crowd Is Orderly And Celebration Is Regarded As Best Yet

If twenty-five thousand people can be crowded into East Washington street between the Public Square and the P. & L. E. freight station, then there were 25,000 people witnessed the Hallowe'en celebration Wednesday evening, Oct. 31.

The number itself is not important, the fact is that there have been few celebrations ever staged here that drew such a throng, and certainly few such celebrations, if any, were any better.

Large and Colorful

The mummers' parade was probably the longest ever attempted, but with its length it was colorful, remarkably so. Weird costumes, beautiful costumes, striking costumes, running the gamut from nothing but a mask to costumes that represented time and money in their design and creation.

As for the weather, nothing could have been more satisfactory. Cool

Bridge May Be Opened Shortly

Three Weeks' Time Required To Complete East Brook Span

Laying of the concrete floor on the new bridge over the Neshannock creek at East Brook has been completed and is now in the process of curing, County Engineer Thomas A. Gilkey announced this morning.

Engineer Gilkey expects the new span to be ready for opening within three weeks, but states that weather conditions will play a major part in the completion program. Efforts will be concentrated on other details in connection with the work while time is being taken for the floor to cure. Most of the painting work has been finished, and the contractor expects to speed up action relative to grading work that will be necessary at the approaches.

"We are taking extra precautions in curing the concrete," asserted Gilkey, "in order to have a good firm flooring. It will undergo a thorough curing before it is placed into service." Although no exact date as to the opening of the viaduct was mentioned, authorities feel certain that traffic over the span will be in progress sometime during the last part of November.

Hitchcock a former motion picture and vaudeville actor, is living at home with his wife and four children. He admitted teaching the girl but said he did not know she was "in love" with him.

Physicians have refused permission to question the girl further, saying that she is living now by sheer force of will power.

All last night her brother Alvin a deputy sheriff and a doctor remained at her bedside. At times she was gently urged by the brother to "tell the true story" to stop trying to shield someone.

claims an advantage over the Republican nominee.

As Hoover turned his back upon the smashing wind-up of Governor Alfred E. Smith in his native bailiwick, he carried with him reports from two of his lieutenants that New York will be found safely in the Republican column when the shouting and the tumult of the campaign subsides. Theodore Roosevelt and William J. Donovan, assistant attorney general, were the bearers of these tidings.

To Stress Farm Relief

In a final appeal to the feminine voters throughout the country, Mrs. Alvin T. Hert of Kentucky, vice chairman of the national committee, declared that the fervor of the women Hoover workers has taken on the "aspect of a crusade" in the home-stretch of the campaign. She repeated Hoover's emphatic warning against overconfidence.

Hoover's St. Louis address, which will be broadcast on a national network, is expected to offer a specific program of farm relief in more elaborate detail than any previous campaign utterance.

Most large fortunes have been made on things nobody would miss if they did not exist.

ZEPPELIN MAKES TRIP TO GERMANY IN FASTER TIME

never forget it. I didn't have the slightest feeling of fear at any time, even when we went through that terrible gale over the Bay of Biscay. The only part of the trip I didn't care for was the last two hours when we circled over the field."

Stowaway Marched Off

Clarence "Red" Terhune, the picturesque young stowaway, left the ship almost as furtively as he boarded it. None of the crowd which was eager to catch a glimpse of him saw him. Several police officials boarded the ship and marched him off, apparently under arrest.

"Red" was taken before Consul Kehl, the American representative at Stuttgart, who was on the field to receive the Zeppelin's American passengers.

"Was he a good boy?" asked Kehl of one of the Graf's officers present.

"Oh, sure," was the answer in German.

Kehl then handed the youngster an official looking document which turned out to be a properly signed and countersigned passport.

"If anyone wants to know who you are or why you're here, show that," said Kehl.

"Thanks", answered "Red".

"Red" then joined the other passengers. He learned that his companions had taken up a collection for him. He also learned that he'd become famous, that theatrical and other offers were pouring in from two continents and he was past the need of a collection.

"Well, what do you know about that," was his comment when he learned of the many offers.

Cold Trip

George W. Crouse of Syracuse, one of the passengers, liked everything about the trip but the fact that there was no steam heat.

Commander Maurice R. Pierce, executive officer of the Lakehurst naval station, who with two other naval officers made the trip as a guest of Dr. Eckener, thought the trip was "just fine".

Although some of the other passengers complained of the cold, Hans W. Nolde of Reading, Pa., didn't mind it at all.

"It certainly was a fine trip," was his comment. "I should like to make a similar one again. I didn't even sense danger or feel cold all the way over."

John C. Ingram, the only American newspaperman aboard, was more interested in getting breakfast than telling about the trip.

Within an hour after the landing all the passengers, "Red" included, were taken to a nearby hotel and Ingram's wish was answered.

As on the westward voyage, the Graf met with difficulties coming home due to stormy weather, but the ship suffered no accident. Twenty hours after leaving Lakehurst the dirigible was caught in a gale off the Grand Banks of New foundland when an 85-mile an hour wind bore the giantress about 160 miles northward of her plotted course.

Dr. Eckener admitted that the powerful motors of the ship had a difficult fight against the fury of the elements, but he pointed out that the fact that the Graf got through safely emphasized her airworthiness. While battling through storm and fog for several hours Dr. Eckener and his officers did not know themselves whether they were over land or sea, it was learned from the ship's commander.

GOVERNOR SMITH IN NEW YORK FOR CAMPAIGN CLOSE

(Continued From Page One)

Jerseyites literally took the lid off to welcome "Al" from across the river, and it was early this morning before the last dying embers of the red fire burned out and the whoopee-makers trudged wearily homeward.

Governor Smith's Newark speech was primarily a bid for the big labor vote of the country, for he pledged himself to end the abuse of labor injunctions, to seek out and remedy the causes for unemployment, and to pursue no policy as president with regard to tariff or general business that "will take one five-cent piece from the pocket of the American working man."

Sardonic Attack.

But with his own proposals he coupled a slashing and sardonic attack upon Herbert Hoover, Charles Evans Hughes, Senator William E. Borah and other Republican orators, as well as upon the record of the past eight years.

Again he sarcastically challenged his Republican opponent to say where he stood on prohibition, on water power, on farm relief and denounced Republican efforts "to scare the American wage-earner" with the bogey of "hard times" should there be a Democratic victory next Tuesday.

The Republican leadership, he declared, is "trying to fool the American workmen," just as it has "fooled the American farmer" for eight years. And in this connection he flung out a definite challenge to Mr. Hoover to say flatly at St. Louis tomorrow night whether he did or did not keep farm prices down in the war period.

Upbraids Republicans.

Just as the Republican are endeavoring to "fool the people" on the farm and water power issues, so with prohibition, Governor Smith said.

"Mr. Hoover says it is 'a noble experiment.' Mr. Hughes says he is not satisfied with it. But Mr. Hoover doesn't say what he intends to do about it.

"Now, the thing for Mr. Hughes to do, instead of asking me questions, is to ask his own candidate what he intends to do about it because up to now he has not said."

The entire Republican campaign, Governor Smith asserted, is being promoted upon the theory that "the people can be fooled." Particularly on the issues of farm relief, water power, prohibition, prosperity and immigration.

As far as he could determine, Sharpmack said, the bumper of the Frazier car glanced off the tire of his front wheel. After that, he said the driver of the other machine seemed to lose control and the automobile careened crazily down the road and finally digging itself into a roadbank.

The road where the accident occurred is a comparatively level stretch.

Syracuse Man Very Much Enthused By Zeppelin Journey

"No Danger At All"; Tells How Giant Aircraft Outrode Terrific Storms

By WALTER P. DIETZEL

FRIEDRICHSHAFEN, Nov. 1. — George W. Crouse, the wholesale grocer of Syracuse, N. Y., who was one of the passengers brought here by the Graf Zeppelin today thinks there is only one way to have a real good time and go to Europe at the same time and that is by taking the Zeppelin in route.

"I enjoyed the trip far beyond my expectations," he said when interviewed by International News Service. "None of the passengers were worried at any time. We only speculated upon how much we would be held up by the headwinds and storms.

Ocean Air Bracer

"I wasn't bothered in the least by the cold. Throughout the entire trip, I managed to get along without either a hat or coat. Some of the other passengers felt cold, but I thought the ocean air was a wonderful bracer.

"I wish the dirigible were flying back to America tomorrow so I could go back with it. I haven't much time to spend in Europe and I'm going back to America from London on the first ship available.

"On the way over, I spent a lot of time walking about the Zeppelin and observing how splendidly and solidly it was built. I take my hat off to the brilliant airmanship of the German crew. I must say that the German airmen are the coolest and bravest bits of human mechanism I have ever encountered.

Tells of Storm.

"I wish I could give you the same thrill by picturing the journey as I enjoyed in making it.

"We passengers got our first thrill right at the beginning of the trip when a storm hit us off Newfoundland. We were struck by a terrific wind which roared and roared but did no damage.

"At the time, we thought we were far out over the ocean and when we suddenly saw land beneath again, we thought something had happened and that Dr. Eckener had decided to return.

"In addition to the wind it was raining heavily and the fog seemed to be thick enough to slice. But the ship behaved beautifully through it all. There was only a slight rolling now and then and if it hadn't been for the sudden sight of land we wouldn't have noticed the storm at all.

Ship Handled Well

"The way the ship handled itself was remarkable. The storm was so violent that it certainly would have tossed ocean liners about but it hardly affected us. At no time on the trip was there any sense of danger or fear.

"After the storm was over we again sailed serenely over the wide expanse of ocean below. Occasionally we saw icebergs and laughingly remarked that there was one danger we avoided by taking an airship.

"We ran into other storms violent enough to have made any one on an ocean liner seasick but we hardly noticed them, the dirigible sailing smoothly and serenely through all of them.

"Then we hit some fine weather and saw a number of ships below. We played cards and chess to while the time away."

Moses Answers Raskob's Charge

Says Raskob Realizes Cause Of Democratic Candidate Hopelessly Lost

(International News Service)

NEW YORK, Nov. 1.—Senator George H. Moses, eastern campaign manager for Hoover, made a counter-attack today on John J. Raskob, Democratic national chairman, who earlier in the day had accused Senator Moses of sending out printed matter attacking Governor Smith's Catholicism. Moses said Raskob's St. Louis headquarters had been attacking Mr. Hoover's Quaker faith.

Senator Moses issued the following statement:

"Who is this John J. Raskob who seems so agitated because a southern Democrat has written something which I thought to be 'hot stuff?'"

"He is the chairman of the Democratic national committee, whose St. Louis headquarters have been busy for weeks in flooding certain sections of the country with vicious attacks on Mr. Hoover's religious faith. These attacks have been sent out officially under the seal and signature of Mr. Raskob's committee.

"Why is it in these closing days of the campaign that Mr. Raskob and his candidate seem to be taking the field like the Mohamedans, unfurling the green flag with the flying horses tails, and proclaiming a holy war?

"It is because the cause is lost on every issue which should envelop a political campaign, and because of the desperation of drowning men that clutch at straws. If Mr. Raskob's ethical sense is so fine and his general sensibilities so readily aroused perhaps it might be worth while to ask how it happens he has my mail. Did he rifle the mails himself, or did he have some of his Tammany stool-pigeons do it for him?"

ESTIMATE 25,000 IN HALLOWE'EN EVENT WEDNESDAY NIGHT

(Continued From Page One)

and dry and clear, with just enough tang in the air to liven the crowd and keep the paraders stepping along with an almost military rhythm.

The parade end of the celebration was handled by ex-service men and this meant promptness. The parade was scheduled to start at 8:30, and promptly at 8:30 the line moved out from the Legion Home, headed by Grand Marshal T. W. McCullough, General Chairman Ivor V. Davis and Aides John D. Kennedy, Frank S. Nessle, B. N. Hanlon, Bart Richards, Frank Summers and William Lewis.

Like a Political Parade

As the crowd swung down Jefferson street one might have thought that there had been a return to days of "McKinley for President". Red fire throwing a warm glow over the street, bands blaring, spectators cheering and a very apparent feeling of good fellowship and holiday spirit.

Motorcycle officers headed the way, moving the crowd back to allow the line through, and back of the marshal and his aides came the Pennsylvania railroad band, gay in their snappy red uniforms, crashing out a military march. Back of them mummers, then the Senior High school band, then more mummers, then the Croton school band and still more mummers.

Round the Public Square the cavalcade moved, the street choked with people, down to see the annual letting off of steam. Up East Washington street to the P. & L. E., then a circle around through Kurtz street to East Washington and back down to the Public Square, where the parade disbanded.

Streets Well Policed

Through the co-operation of Mayor William H. Gillespie and Chief of Police C. C. Horner the streets were splendidly policed and no delays or disorders could be seen.

As the crowd countermarched down East Washington street they passed the judges' stand, upon which were the adjudicators of the costumes. These included A. Edward Russell, chairman; Mayor William H. Gillespie, Art Supervisor Emilie Salomon, H. Lee Marvin and Principal Frank L. Burton. As the crowd passed the stand, prospective winners were given tickets and these later were sifted out in the council chamber and the prizes awarded.

If anything was nearly a perfect success, then the Hallowe'en celebration was. Organized efficiently, handled thoroughly, with weather that was just what the doctor ordered, the celebration passed off in a manner that reflects worlds of credit upon the men and women in charge.

The prize-winners follow:

Evelyn McMillen, Clara Bernine, Constance Priestley, Wanda Duffner, Gertrude Tubbs, Marie Tubbs, Jessie Maxler, Margaret Johnson, Mrs. R. C Wilkins, A. Mescal, Stella Kolodfeski, Irene Sniesek, Mrs. Bernice Liskensky, Mrs. Grace Kamerer, Stella Kress, Mrs. Edna Maxler, Mildred Yoho, Virginia Houston, Mrs. Jay Sotus, Mrs. Howard Rote, Mary Gorzko, Miss Mary Schenider, Ida Prioletti, Mabel Herberg, Mrs. Hazel Faichney, May Crozier, Mrs. Katherine Doyle, Ezma Barnes, Marion Miller, Helen Miller, Mrs. Helena Patton, Frances Patton, Anna Fencer, Helen Chopman.

John R. Kraft, Martin Thompson, Sammy Travers, John Vitale, James Duffy, Paul Koch, James Hook Jr., Hugh Sweeney, Andy Carlson Jr., Peter Rupp, Thomas Natale, M. L. Doyle, Paul Collins, Joseph Bosco, Nick F. Capitola, Paul Mackey, James Thompson, George McCracken, Cowden R. Moore, Clarence Weatherby, Walter Zukiwich, Carle Landolfi, F. A. Hamil.

Life Savings Of Miner Lost To "Save" His Father

GREENSBURG, Pa., Nov. 1. — His life savings of $800 were lost by Stephen Rudy, 40, a miner of Marguerite, because he proved gullible when confidence men worked on his anxiety over the serious illness of his father. The miner, told his father was seriously ill and in need of money, listened to their advice that he withdrew his savings from a bank and placed it under a heavy stone not far from the mine entrance. The funds were to have been replaced by the three strangers after the father's need had been met.

Officers detailed on the case secured a fair description of the bunco men who escaped with Rudy's savings.

National Republican Ticket

FOR PRESIDENT
HERBERT C. HOOVER, of California

FOR VICE PRESIDENT
CHARLES CURTIS, of Kansas

HOOVER HAS WON THE FIGHT

LESS than one week hence the nation, long held in excited suspense, will know to whose shoulders the mantle of Mr. Coolidge will shift next March.

All the signs point to a Republican victory. With the possible exception of one or two states, Herbert Hoover and his running mate, Senator Curtis, will carry all normally Republican states.

The nation as a whole being strongly Republican normally, the Republican party need only carry the normally Republican states to win, but it is not content with mere victory. It has invaded, with excellent show of success, the Solid South and other Democratic territory. From below the Mason and Dixon Line the Hoover-Curtis ticket is to draw a large part of its popular vote next Tuesday.

Herbert Hoover will be sent to the white house by the combined vote of the mothers of America, the men and women who agree with Mr. Hoover that prohibition has proved a beneficial experiment, that great body of rational citizens which has resisted every move to make this a socialist state, business and labor interests whose interests are safeguarded by the Republican tariff policy, and the internationally minded who deem it essential to have in the white house at this time an internationally-minded man.

The Democrats have charged, accused, whispered, condemned, criticized, undermined and abused, but they have not and could not deny that the Republican presidential nominee represents the great representative groups of American citizenship. He is for the best interests and the best interests are for him.

Every vote cast for Mr. Hoover next Tuesday will be a vote for the continuance of the vital Coolidge policies and for the continuance of the prosperity which has prevailed under those policies. With Europe regaining its former economic and commercial strength, threatening keen competition for American trade, the people of the United States have decided that they cannot afford to trust their precious craft to an unskilled pilot.

The American people, their government and destiny will be safe in the hands of Herbert Hoover. He has the confidence and support of such men as Charles E. Hughes, Senator Borah, William Allen White, Calvin Coolidge, former President Taft, the nation's foremost economists and educators, and leaders in every department of our national life. There are the men and women in whom the people believe and will follow with implicit faith in their leadership.

FEWER LYNCHINGS

LYNCHING is going the way of witch-burning. In the first four months of this year there were no lynchings in the United States. While the record is not yet complete for the six months since elapsed, there were fewer than a half dozen of these outrages during the first ten months of the year.

In this we do make steady progress, in spite of the prevalence of race prejudice and organized hatred and bigotry. To realize how much progress the United States has made it is only necessary to compare the record of lynchings since 1887.

Between the years 1887 and 1897 the average was 160 lynchings a year, with a maximum of 255 in 1892 and a minimum for the period of eighty in 1896. Since 1917 the average has been thirteen a year with a maximum of eighty-three in 1919 and a minimum of sixteen in 1925 and 1927. This year may set a new low record.

The time will come, and soon, when there will be no lynchings in the United States, and this barbarous practice will take its place with the persecution of witches as a historical curiosity.

Intelligent people do not resort to lynch law. Persons who believe in and practice American ideals grant all the right of trial by jury. Those who are sincere in professed desires to see the laws of their country obeyed and upheld will obey and uphold those laws by letting the law take its course in every emergency.

State after state, in recent years, has shown that mob psychology and brutal fanaticism are no defense for those who stand charged with exercising lynch law. The time has come when one cannot, with impunity, murder and torture in the name of justice and morality.

YOUR BROADWAY AND MINE

Exclusive Central Press Dispatch to New Castle News.

NEW YORK, Nov. 1.—She is prominent in theatricals. She holidayed with her husband below the border recently, where she apparently carried on a flirtation with one of the Best Dom Caballero's in All Mehekkiko!

Her husband happened into their hotel suite before she returned the other night and opened a box of flowers addressed to her. After reading the note it contained he gave her a sound thrashing when she finally came home.

The note was different. It didn't end "With Love and Kisses." It ran: "With Love and Pinches!"

BY WAY OF REPORT

From a fellow I know comes this expose. He relates that a former English distiller, who is now in the rope and twine racket here, told him that the American bootlegger is not yet hep to this fact. Genuine whisky labels are gummed only on the side, and not all over, so that a bottle of real stuff can be spotted by cutting the label with a knife from top to bottom. If it can then be peeled back the stuff is presumably all right.

PENALTY

It's not that I fear him,
But that which might arise,
If he would know our love,
He'd separate our skies.

He'd take all the dew drops
And turn them into hail;
He'd take our daisy fields
And make a stony trail.

He'd change the singing brook
Into a muddy hole;
And for each breath we took
He's take the tyrant's toll.

An item for your high-class drama pages concerns Margaret Barker, who will be seen with Katherine Cornell in "Innocence" (I think that's the tag of the play). The gal is a Baltimore deb and the dotter of Dr. Llewellyn F. Barker, one of the country's foremost surgeons, who juggles the blades down at the Johns Hopkins Hosp. However, see Kate Connell about it, or Guth McClintic, her man, who might give you the full details. Universal has signed Ring Lardner and Octavus Roy Cohen to prepare gab moom pitchers (talking moving pictures), and I understand that Nydia Westman of "Pigs", took a movietone test the other day, and ruined a mess of footage before they could get her to stand on the right foot.

Some more gossip has to do with Eleanor Stanton, the woman's page editor for The Sun, who was assigned to Paris last spring. She met a man in Cairo who ankled after her to Jerusalem, after which she lammed alone to Naples. Then she returned and married him in Athens. The groom is Russel Collier, a Prix de Rome winner, now on an archaeological expedition in the Malay Peninsula while the idebray is back on the woman's page, spending her salary answering his cables.

The World AND THE Mud Puddles

SOME COLLEGE "HOWLS"

When the value of a college education is being discussed, it is the scoffer who rings in the "breaks" made by those who attend the higher educational institutions. Like some low down wretched political speech maker, the scoffer picks out from the examination papers the few "howling" bits of information. He has found after much searching the following answers:

A grass widow is the wife of a vegetarian (not so worse.)

Frances Willard is the wife of a well-known colored prize fighter.

Julius Caesar was renowned for his strength, for he "threw a bridge across the Rhine." (a la Washington and the "dollar".)

Marriage is a sacrament where a priest unites a man and woman in fatal union.

D. A. R. is abbreviation for "Grand Old Party" now busily engaged in seeking to make Hoover President.

The Vatican is an official in the Catholic Church next below the Pope.

George Bernard Shaw is a former life prisoner, now released, who shot Stamford White. (Shaw has to answer for much.)

Mark Twain is the man who severed the Gordian knot.

Marconi is either a Jewish king or a favorite Italian dish.

Bismarck is a new kind of doughnut without any hole.

Alexander the Great was born in the absence of his parents.

Edward III would have been King of France if his mother had been a man.

If you go to the football game in this city Saturday you will be helping to pay for the new uniforms of the high school band. Part of the proceeds will go for that purpose.

After the presidential election is over a lot of people who have been careless about their voting will take more interest in voting along party lines—and it will not be Democratic party lines either.

If you think man isn't hateful by nature, observe how many speed up when you toot for gangway to pass.

The ideal political party would be the one that could furnish enough postoffices to go around.

Uneasy is the tooth that wears a crown.

King Solomon's wisdom probably consisted in being able to prevent his seven hundred wives from applying for a divorce and alimony.

At Gallipolis, O., a kissing cult has been discovered through a suit in court. The sect has been responsible for breaking up several homes. Promiscuous kissing is one of the essentials of salvation according to the blind pastor of the flock. It is taught that the women of the congregation must kiss and caress the pastor at frequent intervals both at church and when pastoral calls are made. Married men kiss other men's wives and married women do not hesitate to kiss other men and he who refuses to kiss another man's wife is doomed. One man claims he was fired out of the congregation because he refused to kiss the women of the congregation. He also knocked down one member for kissing of his wife. Oh, wham de doodle wham! Also Omigosh several times.

It is reported that Col. Lindbergh chased an antelope 20 miles in his plane and shot it in Mexico. An antelope has no chance at all now. It used to be it could outrun horses but not planes now.

We saw a big black tom cat chasing a rabbit on the North Hill yesterday. It was some race but the rabbit got away.

There are going to be a lot of surprised people after the election next week. Standpat Republicans are coming into their own again and that don't mean chaps who are in politics just for what jobs of ten dollar notes they can get out of it. There is still such a thing as principle in this country and it can be found in politics.

There is an ordinance against the stringing of advertising banners across Washington street. It is rube stuff at that. Any one can make an information against those putting up the banners and the fine is five dollars and the costs.

The News is always a Republican newspaper because it believes in the principles of Republicans and the Republican party. No objection is made to those who think otherwise.

It is often much harder work getting over an election than the work in preparing for one.

After a young man has made his first ringing speech he should buy the ring.

When an Ohio theater manager wakened up one of the customers who had gone to sleep in his seat he up and swatted him one on the nose, breaking the beak. Something wrong with any one who would go to sleep in a theatre or maybe something wrong with the show.

None of us ever gets anything for nothing but that don't keep us from trying.

Very few farmers, however, are dating their mortgages to expire next March 4.

Another pathetic feature of the season is an old grad the morning after a football game blaming his nausea on the quality of the liquor.

WHEN A LOOSE MOUTH QUOTES WORDS TO GET YOUR GOAT, SLAP IT

Years ago I wrote a piece about an imaginary man who lived selfishly and alone and ended his lonely days without a friend. Some meddlesome ass read it and told an old man of the community that it described him.

The old fellow hasn't spoken to me since, though the one who injured him was not I but the trouble-maker who applied the fable to him.

As a rule the person whose feelings are hurt by something said about him is not hurt by the words themselves but by the meaning given them by some meddlesome gossip.

You remark idly and good-naturedly that a neighbor should conquer his laziness and trim his hedge. If he heard the words he would accept them with amused tolerance. But a troublemaker reports them to him, giving them a malicious meaning they did not possess, and you neighbor's feelings are hurt.

When anybody reports idle remarks to you, or tries to "kid" you about something somebody has said about you, he is trying to amuse himself by making a fool of you.

And a fool you are if you let anybody of that type disturb you by quoting idle remarks.

Malicious gossips tell you things to "get your goat". It is silly to play into their hands by losing your poise or temper. You make yourself an easy victim.

SO THAT EXPLAINS IT

The law of South Carolina "deprives of citizenship"—that is, it takes away the right to vote, from persons found guilty of fornication.

The evil of an act does not consist in being caught, but in the act itself. Manifestly the purpose of the law is to deny the ballot to persons guilty of fornication.

No wonder the vote is light!

"Sister Payne attended a convention of the Saints of God last week. While she was away, she left her chickens in the care of the Lord. When she got back, they were nearly all dead."

FARM RELIEF.

Both of the prominent political parties it seems to us are overlooking a very simple solution of the Farm Relief program.

If, due to a combination of hard work and favorable weather the farmer is enabled to grow bumper crops this year for instance, crops that exceed domestic or foreign demand, competition will naturally lower the prices to be obtained.

If for example he grows two bushels of potatoes for which in a big crop year he receives only 50c a bushel, contrasted with a lean crop year when a bushel of these tubers yields him 90c a bushel, Mr. Hoover or Mr. Smith could pull many a farmer votes his way by a promise that a law would be enacted compelling the consuming public to eat two potatoes in big crop years to one potato in lean crop years.

Should however the political advisers think that this plan would lose too many consumer votes the candidates could then promise the farmer that the government would take and pay for all farm products grown in excess of a certain limited amount which would maintain prices on a high level. Somebody might foolishly raise the question as to what disposition the government would make of its purchase. The government would of course destroy its purchase and add the amount paid to the tax roll.

If either of the two above suggested plans worked out favorably in solving the farm problem they then could be applied to all manufactured articles. We play no favorites hence either the Democrats or Republicans are at liberty to avail themselves of our suggestions.

FRIENDLY

Heigho for the man with a smile on his face
And a couple of wrinkles of care,
And an eye that can twinkle, in spite of his pace
Or the troubles he happens to bear.
He may not be cultured and clean,
But you know from his grin and the look in his eyes
There is nothing about him that's mean.

There's a jest on his lips if it's laughter you need,
And there's pity, if pity you lack.
You know there is brotherly love in his creed.
You are sure he won't stab in the back.
It may be you never have seen him before,
But you feel he is kindly and true.
And you're never afraid when he comes to your door
That a wrong he is plotting to do.

There are millions of him the world over I'd say,
Men patient and happy and fair.
You can meet them by night and can meet them by day
No matter what raiment they wear.
And you know by the light in their eyes and the grin
Which they flash as they see you come near
That their hearts are wide open to welcome you in
And there's nothing about them to fear.

Bible Thought For Today

THE HAPPINESS—Happy is the man that findeth wisdom, and the man that getteth understanding.—Prov. 3:13.

PRAYER—Happy are they whose God is Jehovah.

Belated Honors For Edison Turn Light On His Triumphs

Reviews Of "Wizard's" Life Revive Universal Appreciation Of His Contributions To Human Progress And Comfort

A life of amazing achievements is reviewed once more as Thomas A. Edison, after years devoted to inventions which have revolutionized modern conditions, receives the gold medal of congress for his contributions to progress. Wonder is expressed at the delay in honoring the "wizard" of the field of invention, while other nations have already bestowed their tokens of appreciation.

"He ranks as one of the five or six greatest servants to common humanity of all time," avers the WHEELING INTELLIGENCER, which holds that "only a very few have deserved the superlative honor that is his, and which he has happily lived to enjoy. Newton, Pasteur, Watt, Archimedes and perhaps one or two of the very greatest experimenters," continues that paper, "can stand with him. This brain, like theirs, made an 'incalculable contribution to human service, comfort and happiness.'"

The WORCESTER TELEGRAM suggests that "it is when we try to imagine ourselves without these comforts and conveniences which we enjoy as a direct consequence of Mr. Edison's patient and unflagging work that we begin to have an appreciation of his achievements in behalf of all of us."

"The thanks of congress, which the medal carries with it," declares the ST. LOUIS GLOBE-DEMOCRAT, "are only a formal expression of the immeasurable gratitude which the electrical age in the world's history owes to its foremost figure, and which it has often acknowledged most sincerely and generously." The St. Louis paper also observes that "the truth of the tribute President Coolidge quoted, that electricity has no modern appliance or process for which he has not served as a pioneer if not discoverer, was realized so fully that he was long ago called 'The Wizard'."

"Neither Mr. Edison nor anyone else," according to the TOLEDO BLADE, "will ever list the wonderful things which electric lights have done for humanity. Lives have been saved in the operating room by improved illumination. Educational efficiency has been increased. Homes have been made pleasanter. The world owes a debt to Mr. Edison and it is in acknowledgement of that debt that these few lines are written. Of course the congressional medal made for the inventor is a very inadequate symbol of America's appreciation."

"He never has been an unhonored prophet in his native land," states the MINNEAPOLIS TRIBUNE. "If this great formal award has long been withheld, at least Mr. Edison has been honored over a long period of years with the respect, the affection and the admiration of the nation which he has served and to which he has given a signal prestige. The man has been loved for his modesty, his kindliness, his untiring zeal, his gentle, good-natured outlook on life. He has been respected because he has lived above sham or pretense, because he has never been a poseur, because his brilliant career has seemed to embody the simple elements of honest work and ceaseless endeavor."

Referring to the museum which Henry Ford is building near Dearborn as a monument to Mr. Edison, the BELLINGHAM HERALD says that "no doubt it will become one of the shrines of the nation," and pays the tribute: "At 81, the grand old man of invention still labors day and night, and he has said he would work so long as breath remained. The world hopes that he may be spared to continue his work for many years. Meanwhile it wants him to know that it appreciates what he already has done."

"Thomas A. Edison receives the congressional medal for services to the nation and to the world," says the NEW ORLEANS MORNING TRIBUNE. "We doubt if anybody ever deserved it more. Any country might appropriately confer upon Mr. Edison its honors. For every one benefits from his genius. The sum of these benefits is incalculable. But while Mr. Edison may cherish this medal we doubt if it will mean as much to him as the less tangible but genuine blessing called down upon his head by millions whose work is easier, whose pleasures are greater, and whose lives are longer because Thomas Alva Edison used the brains his Creator gave him to this end."

In comment upon the distinguished gathering at the Edison laboratory, the BINGHAMTON PRESS remarks: "Radio brought to the laboratory a world-wide ovation. This was fitting, for although not responsible for the development of radio, Mr. Edison is looked upon as the foremost living worker in the medium by which the whole world floats through space. Radio was made possible by Mr. Edison's multitude of inventions and his fathering of the electric industry in America. Even for radio Mr. Edison may claim a goodly share of credit for the hook-up of the 48 stations which brought the well wishes of two continents to him and which would not have been possible except for his contributions."

Recognizing that "his inventions were like all other inventions, slow and plodding in their development, and slow to gain their way into popularization," while the NEW BEDFORD STANDARD adds: "Therefore we feel no surprise that congress, so sparing of its medals, should have waited so long to give Edison his high honor. On the contrary, we should feel great pride that congress has recognized the value of his gifts to the country while he is still alive."

Comparing Edison to Prometheus, "who snatched fire from heaven for use of man," the ALLENTOWN CALL views him as "not only one of the most admired but also one of the most beloved world figures."

Dr. Crane's Editorial

THE DOERS

What this world needs is more doers and less talkers.

The man we feel most grateful toward and regard most kindly is the one who does us a generous act and never says anything about it. We find it out by accident and our hearts warm to him.

The man who is always saying, I am going to do this and that for you but does not do it, is a flunky. He wants the praise for generosity, but does not deliver the goods.

So, the man who most truly reforms is the man who quits doing wrong, not the man who makes great promises. Most drunkards and most leaders of disorderly lives elsewise are great promisers. They will tell you, while in their cups, they are never going to drink another drop.

But the kind of reform today that we believe in is that of the man who quits doing wrong and makes no boast about it except to show his regret.

It is human to err and to make mistakes. But when we have done so the most righteous thing we can do is to quit, not to pray and not to promise, nor to resolve.

The first thing needed in a wrong doer is to quit his wrong doing.

We are not to turn for help to a higher power until we have ceased our wrong doing. The Bible says this of the first thing necessary: "Let the evil man forget his ways and the unrighteous man his thoughts."

The Master said that that man builds his house upon a rock—that is, he established his character most firmly—who bears his great teacher's words and does them. It is the doing of them that is the rock of our reformation.

I remember once meeting a man who had been a steady drinker for years but who had reformed. I asked him how he came to do it and what changed him. He said it was very simple. He said that the best way to quit anything was to quit.

A woman once came to a preacher and related her distress at being muddled in her religious views. After hearing her tale of woe the pastor simply asked her, "What are you doing that is wrong?" He knew that almost all our difficulties in religion are caused by our difficulties in conduct. The right kind of belief grows only out of the right kind of life.

You cannot believe the truth and live a lie.

IT IS QUITE POSSIBLE—

For men to be both wrong and honest.
For politicians to be both convincing and evasive.
For a preacher to be both unschooled and educated.
For a woman to be both clever and shallow.
For a luxury to be both low priced and expensive.
For one to tell the truth and still lie by not telling it all.
For a business to be successful and cost too much.

Example of sex equality: "Of course Mother does, but thats different, young lady; and if I ever catch you smoking again, Ill spank you."

Scores Of Hunters Start Season Today

Cotton prices may not be jumping but the "cotton tails" in Lawrence county are as scores of New Castle and county hunters went forth this morning and to usher in the first day of hunting season, armed and determined to bring home the bacon. Cars loaded with hunters began leaving the city Wednesday evening for distant parts where the parties plan to enjoy an extended hunt.

This morning shortly after daylight, scores of automobiles, loaded with men, and dogs; and a multitude of men with guns on their shoulders strode out to the country districts to formally open the first day of hunting season.

Nearly 5000 hunting licenses were issued for the season thus far, according to the report of the county treasurers office.

CHEST CAMPAIGNERS WORK FEVERISHLY TO COMPLETE DRIVE

(Continued From Page One)

r the cheering had died down. "I want you all to hold the teams together. I want you all to out and work. I am ashamed to think that this drive cannot go over the top. In the next two days, I pledge my best, both to the campaign and to the city. Again, may I thank you."

Before the announcement of Mrs. Johnson's appointment, $5,888.35 was reported by the team captains as the result of their canvass Wednesday afternoon. The team of M. D. Wells of the Y. M. C. A. division was high, reporting $650 for the afternoon's efforts.

Over $54,000 Raised.

There is now $54,111.11 in the Community Chest, and a bare $26,000 must be raised before the drive can be called a success.

It was also announced at the beginning of the meeting that Herbert Pears, campaign director, did not get a percentage of the amount collected by the solicitors. His contract is a straight salary, stated Mr. Moody, and will be paid whether the money is raised or not.

Fred L. Rentz, president of The News company, made the address of the evening.

Chest on Business Basis.

"I think the chairman of this meeting, Mr. Moody, should have told you why I am here," averred Mr. Rentz. "I am here only for one reason, and that is because Bill Moody almost cried to have me here. And when one puts the effort into things the way Bill Moody has done, I am for him!

"This is the first time that the Community Chest has been put on a business basis. It is the first time that no one can find any fault with the chest. This is largely due to the efforts of Bill Moody and Mrs. Johnson, two citizens of whom New Castle can be proud.

"I was supposed to make an inspirational address. I did not want to come here tonight. But when I got here, when I see the same faces that I have seen at every campaign for civic betterment for the last 25 years, I feel like a coward because I did not come to the meetings before.

"Bill Moody took hold of the chest when it was wavering, and now he can be proud of the results.

"And I am glad that there are no petty politicians here tonight, but only good, solid citizens of the community. Politicians, you know, never go anywhere that it will cost them money."

Mr. Rentz then told about his childhood: how, when he first went to school, he could not speak a word of English.

"Any city that can produce the results that it has in the last 60 years, any town that can make so many changes both in men and in affairs, is some town!" he continued. After this statement there was continued applause.

Proud of New Castle.

"I am no saint. I am rough at times. But I am proud of New Castle. We have here tonight a lady who was born and raised in New Castle. Mrs. Johnson is here tonight because New Castle is her home, because New Castle is a town worth fighting for. It is the home of her children. She does not want to see the chest fail, and there are a good many reasons why it must not fail.

"Other cities have no trouble in putting over their chest campaigns. In Sharon, a town about two-thirds the size of New Castle, they raised $90,000 without any difficulty whatsoever. Ellwood City, in Lawrence county, never experiences any trouble.

"We cannot fail. If word goes to the outside that the people of New Castle have failed in their obligations to the community, new industries will never make this their home. In other cities people are patriotic. People do things. I am sure that it can be the same way in New Castle.

"There are lots of humans who must die before they are any good to humanity. And people are good when they are dead.

Will Not Fail.

"I am glad that I was invited to attend the meeting—notice that I said invited; I did not horn in—for I had intended to stay out of it altogether. I am here for New Castle, and I have told you why you should be for New Castle.

"Mrs. Johnson consented at the last moment to put up a battle for her fireside, and we are not going to let her fail!"

Prolonged cheering followed the address by Mr. Rentz. After it had died down Mr. Pears announced that the next report meeting of the team captains and workers would take place Friday evening November 2 at 6:15 in one of the dining rooms of The Cathedral.

After this announcement Jacob F. Rentz, general manager of The News company, told how in Hollywood, Cal., one church with a Bible class of 250 men raised $96,000 for the church in one drive. This, he said should point to the fact that the people of New Castle can do better than they are at the present time.

See Success Ahead.

W. Charles Wallace, president of Westminster college and president of the Lawrence County Council, Boy Scouts of America, made a few remarks at the close of the meeting.

"I speak for my organization when I say that I appreciate those who come to our aid" he said. "Mrs. Johnson and Mr. Rentz are going to do their part. It is a fine city in which one can get such patriotic people to aid a worthy cause just when the darkest moment is at hand. But I am sure that it is the darkness before the dawn. I am sure that when the meeting takes place Friday evening the teams will turn in such reports that the Chest will be way over the top."

During the meeting it was announced that A. H. Gonick had solicited the workers at the Smith Dye works and every employe had subscribed to the Chest.

Following are the amounts reported by the team captains at the Wednesday evening meeting, covering the work for Wednesday afternoon. Appended is also the total in the drive to date and the total of the campaign:

Raskob's Exhibits Are Presented

(International News Service)

WASHINGTON, Nov. 1.—Democratic Chairman John J. Raskob's exhibits, designed to show that leaders of the Republican campaign, had promoted anti-Catholic attacks, were delivered to Republican chairman Hubert Work at national headquarters today by William J. Crawford, a special messenger.

Crawford also took copies of the charges to the Hoover headquarters.

National Magazine Issued In City

Second Issue Of "Quotarian" Makes Appearance—Is Good Issue

Showing some improvement over the previous issue the second "Quotarian" to be issued in New Castle made its appearance today with Mrs. Elizabeth White, international president acting as editor.

The magazine contains much material relative to Quota but also has a number of feature pages. The last page, "Kitty's Korner" is devoted to pleasantries aimed at the members. Among this material is a promise from the international president that she will "not climb any more mountains" in her speeches.

It seems that Mrs. White spoke in the middle west and in the east, using the same speech and some members happened to be at both meetings.. Hence the promise.

New Power Line Now Completed

New Castle Now Connected Directly With Power Plant At Toronto

Work has been completed on the construction of a new transmission line for the Penn-Ohio system to supply electric power to the New Castle and Ellwood City districts.

The new line comes into this district directly from the big Toronto generating plant of the Penn-Ohio, running 34 miles north from Toronto to North Lima, O., and then eastward for 16 miles to the Cedar street sub-station in New Castle.

With the placing of the line in service within a short time the system will have seven circuits feeding the district coming from three distinct sources of power supply. There will be the new line direct from Toronto to the Cedar street sub-station, two circuits from the Lowellville station to the same point, two circuits from Lowellville to the West Washington street sub-station and two circuits which connect south of Ellwood City with the Duquesne Light company's system from which power may be received as needed.

By means of these various circuits the requirements for power of the industries, commercial businesses and people throughout the district are met with a flexibility that gives the utmost assurance of constant service.

The new transmission line was built by Stevens & Wood, Incorporated, engineers and contractors. Final tests of the line are in progress and when these are finished the line will be ready for regular service.

Energy will be carried by copper wires that weigh a pound to the foot suspended from steel towers which weigh from seven to 14 tons each, depending upon the stresses to be borne. Some idea of the size of the job just completed to give greater facilities in power supply for the district may be gained from considering that, with three wires to the circuit and a circuit length of 50 miles, a total of 792,00 pounds or 396 tons of copper wire were required for the line.

Junior High Pupils At Mahoning Have Pleasing Program

Two Parts To Program Presented By Junior High Pupils Wednesday

An excellent program was presented by Junior High pupils at the chapel for the Junior High pupils of Mahoning school first period Wednesday. The program was in charge of the chapel committee comprising Miss Geneva Flemming, Miss Anna Benson and Miss Ruth Sample.

The program was in two parts. The first part was scenes from familiar songs posed by pupils of the school. From the picture presented the pupils guessed the title of the song. Virginia Stone gave the history of each song. Pupils posing were in costume. Frances DeRoss presided at the piano. Songs posed and characters were:

"Old Black Joe," Albert Felix.

"Juanita," Helen LaMarco and Joe Mingione.

"Coming Thru' the Rye," Ione Farver.

"When You and I Were Young Maggie," Mary Wrona and Tony Fusco.

"America the Beautiful," Dorothy Shriver.

The second part of the program pertained to Hallowe'en.

Reading, "Little Orphan Annie," Jeanette Ginsberg.

Talk, "The Origin of Hallowe'en," Tony Fusco.

Talk, "Quaint Costumes of Hallowe'en," Bass Morgan.

Ghost dance, Ione Farver, Edith Carnes, Mildred Johns, Ruth Schnebly

Present Operetta At Mahoning School

Elementary Grades Have Program; Other News Notes Of Seventh Ward

One of the most attractive and interesting programs of the fall was presented Wednesday morning in the Mahoning school by the primary and intermediate grades of the school. The program was presented twice, the third and fourth periods, once for the primary grades and once for the intermediate grades.

The program was an operetta entitled, "The Wishing Leaf". It was a Hallowe'en play. The cast was made up of 13 characters, accompanied by a chorus of 20 and was made further attractive by the Dance of the Shadows and Dance by the Grotesque figures. The program was well presented and greatly enjoyed by their audiences.

The success of the operetta was due to the untiring efforts of Miss Mary Etta Hodel, Miss Jane Kyle, Miss Annabelle Randall and Miss Helen McQueen. The cast presenting the play was as follows:

Boy Blue, James Cardella.

Mother, Virginia Pacurar.

Witch, Frances Stickle.

Owl, Dan Thomas.

Jack O'Lantern, Nick Casber.

Gypsies, Constance Rainey, Chrystina Perretta, Rosie Russell, Doris Bevan, John Dibley, Guy Lateana, Billy Tetlow, Maurice Aquara.

Chorus: Jack Reeves, Herman Orlando, Rosie Carran, Mary Sandile, Virginia McGrath, Dolly Russo, Eileen Mullen, Mary Elizabeth Jenkins, Esther Sibberson, Anna Prekapi, Robert Rainey, Alice White, Virginia Reedy, Thersa Margel, Edward Ezzo, Charles Parker, Lucy Augustine, Alex Natale, Tony Casber, Clyde Caizza.

Dance of Grotesque Figures: Wilber Thompson, Glenn McClung, Phillard McClure, Thomas Schnebly, Tony Carbone, Pauline Booher, Betty O'Donnell, June Swinehart, Betty Sullivan, Mary Compelio, Betty McIlvenny.

Dance of the Shadows: Phyllis Basterfield, Catherine Clark, Norma McLaughlin, Antoinnette Bovo, Laura Mae Martin, Vyda Mullen, Irene Natale, Lecna Ross.

OPPORTUNITY CIRCLE.

The Opportunity Circle of the Mahoning Presbyterian church will have their monthly meeting Friday afternoon at 2:30 in the church parlor. Devotionals in charge of Mrs. L. A. More. Subject "Unwrap by Talents." The missionary subject for the meeting is "Southern Mountaineers." Mrs. F. W. Wallace and Mrs. W. H. Leicht are in charge. After the program there will be a short business meeting. There will be no social hour.

WESTMINSTER GUILD.

The Westminster Guild of the Mahoning Presbyterian church will have their regular meeting Friday evening at 7:30 in the church parlor.

ACCEPTS POSITION.

W. E. Logan of Lafayette street, has accepted a position as barber at the Herbert Samuels barber shop. Mr. Logan will begin his duties next Monday.

The past several months Mr. Logan has had a barber shop on North Liberty street.

HOME GUARDS

The King Herald band and the Home Guards will have a joint meeting Friday after school in the Mahoning M. E. church.

Boys And Girls Of Seventh Ward Have Good Time

Many boys and girls of the ward had a good time Hallowe'en night raking about. Part of them may have gone to the parade in the uptown district, but many of them did not.

A part of the evening's entertainment for some of them was masquerading and calling at various houses, leave them guess who you were and ask for candy. Most of them traveled in gangs, from two people to a dozen. Some little people were well prepared for donations of eatables of any kind, they carrying bags or sacks of some kind.

Of course, there were some Hallowe'en pranks. Somebody's fence barricaded Madison avenue at Third street for a while Wednesday evening, some porch swings and chairs were seen along sidewalks, windows in the downtown district were soaped, people may be hunting garbage cans this morning, but all this is to be expected and no damage seems to be done.

They did not entertain themselves by throwing tomatoes and other debris on porches, as they have in past years. Corn also seems to have been scarce. In all the youngsters seemed to have had a good time and no particular damage was done.

OPEN MISSIONARY MEETING.

Plans are complete for the open Missionary meeting which will be held Friday evening at 8 o'clock in the Madison avenue Christian church. A program has been planned, talks will be given by Mrs. W. W. Sniff, Mrs. F. H. Stanley and Mrs. Walter Wilkins. All members of the church and friends are invited to come.

Preceding this meeting at 8 o'clock the members of the society will have a business meeting at 7:30.

CHANGE RESIDENCE

Mrs. Gertrude Marshall and daughter, Miss Evelyn Marshall, of 9 West Cherry street, moved on Wednesday to 510 North Cedar street, in the house occupied until recently by Mr. and Mrs. W. L. Treadwell, who moved to Toledo, O.

Crescent Tonite: Ralph Forbes, Marcelline Day, and "Flash" in "Under the Black Eagle." Coming "The Gaucho."

LADIES' AID

The Ladies' Aid Society of the Mahoning M. E. church had a business meeting Wednesday afternoon in the church. Business affairs of the society were discussed.

HAS EYE INJURED

E. M. Johnston of West Clayton street had his left eye painfully injured while at work Tuesday morning. Mr. Johnston, an employe of the Baltimore and Ohio railroad, was at work in the New Castle yards when a chain on the air hose broke, the heavy chain striking him in the eye, causing hemorrhages of the eye.

How seriously the eye is injured is not yet known. This morning Mr. Johnston went to an eye specialist.

TRAINING CLASS

The first recitation of the teachers' training class was conducted Wednesday evening after the prayer service in the Mahoning Presbyterian church. Rev. D. C. Schnebly is the teacher of the class. The class is meeting each Wednesday evening after the prayer service.

O. N. O. CLUB

The O. N. O. Club will be entertained Saturday evening at the home of Mrs. Roy Watson of North Cedar street.

Test Well Near Kane Reported Mile And Half

Well Now Drilled At 7,925 Feet Is Deepest In East And Fourth In World

(International News Service)

KANE, Pa., Nov. 1.—Eight tons of wire cable was started on a journey of more than a mile and a half into the earth at the test well of the United Natural Gas Company here today when workmen started substitution of a 10,000 foot line for the old cable.

The well, now at 7,925 feet, is the deepest in the east, and the fourth deepest in the world. The new cable is made up of 5,000 feet of seven-eighth inch material and a similar length of inch material. The eight tons of the new cable together with 3,500 pounds of drilling tools make the combined weight carried on the beam of the derrick nine and a quarter tons.

While the drillers were awaiting the arrival of the new cable repairs were made to the rig and equipment. Drilling will be resumed after a four weeks shutdown this weekend.

Ask Toral Receive Death Penalty For Slaying Of Obregon

Prosecuting Attorney In Mexico Asks Torel Be Executed; Nun Sentenced

(International News Service)

MEXICO CITY, Nov. 1.—The death penalty was demanded for Jose De Leon Toral, young self-confessed assassin of President-elect Alvaro Obregon, and a 20-year prison term for Abbess Maria Concepcion Acevedo y de la Llata, mother superior of a Catholic nunnery, when they were arraigned in the district court today on the charge of causing the death of the late president-elect on July 17.

Leon Toral is accused of the actual killing. The nun is charged with "intellectual authorship", which, in the words of the prosecutor, means she incited the killing.

Juan Correa Nieto, prosecuting attorney for the federal district, accepted Catholics on the jury, despite the fact that both defendants are Catholics and religious feeling is running high throughout the republic.

Ohio Truck Drivers Appeal Decisions On License Charge

Following the hearing in the office of Alderman William E. Marshall Wednesday afternoon, counsel for the Ohio truck drivers who are charged with operating without Pennsylvania licenses, said he would appeal the case.

Seven drivers are charged with the offense, but only one was given a hearing, as this is to be a test case. The alderman fined the driver $25 and cost and the appeal will be heard on Tuesday, November 6, in the Lawrence county court.

State Highway patrolmen made informations in the cases.

PROJECTS PROGRESS

City engineers today stated progress is being made by contractors who are constructing a sanitary sewer in Cascade street and building the ejector station to connect with Liberty street district sewer.

Here's Real Relief From Neuritis

In 24 to 48 Hours You Get Rest and Comfort Again.

Torturing pains—the kind that pierce and burn and never seem to let up—that rob a man of his sleep—that make him just a bag of nerves and all worn out.

Those are the pains that dope and coal tar products can only partially relieve.

The safest and most efficient way to get rid of the persistent, nerve-racking pains of Neuritis is to get a bottle of Allenrhu Special Formula No. 2. Be sure you get No. 2, which comes in capsule form. Take these little dark green capsules as directed and in about 24 hours you should be able to notice that they have considerably reduced if not entirely banished those severe, torturing pains that have cused you so many sleepless nights. Continue taking them for two or three days more and thus prevent an early return of the torture.

It doesn't matter how long you may have suffered or whether your Neuritis is in the shoulder, arm, neck or legs, McKee's Kut Rate Store says these little wonder-working capsules must banish all pain and torture in 5 days or money cheerfully refunded.

New Air Mail Line Proposed

WASHINGTON, Nov. 1.—Airmail service from Chicago to Evansville, Ind., on the Chicago-Atlanta route, will be established November 19, W. Irving Glover, acting postmaster general announced today.

No definite date has been set for the inauguration of the complete service.

The present daylight airmail service from Cleveland to Louisville, Ky., will be changed to night service Nov. 12, it was also announced. This route makes connections at Cleveland with the mail plane to and from New York and Chicago.

Piles Go Quick

Without Salves or Cutting

Thousands who have piles have noticed that quick and permanent relief can only be accomplished with internal medicine. No knife cutting nor any amount of treatment with ointments and suppositories will remove the cause.

Bad circulation causes piles. There is a complete stagnation of blood in the lower bowel and a weakening of the parts. Dr. J. S. Leonhardt found the remedy and called his prescription HEM-ROID. He tried it in 1,000 cases with the marvelous record of success in 96 per cent, and now it is sold by druggists everywhere under a rigid money-back guarantee.

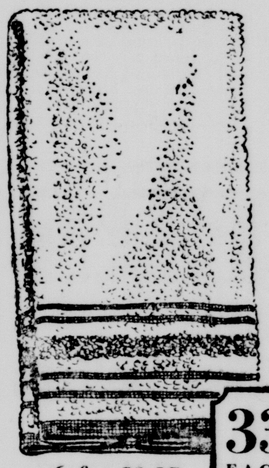

Don't waste any more time with outside applications. Get a package of HEM-ROID from McKee's Kut Rate Store, Eckerd's of New Castle, Inc. today. It has given safe and lasting relief to thousands and will do the same for you, or costs you nothing.

Fisher Sponsers New Building For State Farm Show

Governor Would Erect Permanent Home For State Farm Products Show

(International News Service)

HARRISBURG, Nov. 1.—A permanent building to house the state farm products show will be urged at the next session of the legislature, Governor John S. Fisher announced today.

The governor said he would include in his 1929-1931 budget appropriation for the new building, but he has not yet reached a conclusion as to the type the structure will be or the cost of the erection. The building would house the annual exhibit of the farm products show which is sponsored by the state and 25 agricultural, horticultural and breeders' associations.

A $5,000,000 item for the new education office building will also be included in the budget, the governor made known, as will a sufficient amount to complete the Harrisburg armory for which $200,000 has already been appropriated.

Nineteen New Homes Under Construction

Buildings Started During October Month To Cost About $362,700

Building operations during October will cost approximately $362,700, according to a report by Neil Williams, municipal building bureau. Included in the list of permits were two for churches, the total cost of which it is estimated will be $139,000.

Nineteen new dwellings were started during the month at a cost of $110,000 and 40 private garages will cost $12,900. One public garage will cost $10,000. Four storerooms will cost $81,000 while small buildings and a sign board will cost $100. Remodelling will total $5,070.

Only 17 Contagious Cases Last Month

Only seventeen persons contracted a contagious illness during the month of October, according to a report of the city health bureau. Today Marion Shaffer, 7, of 734 Chestnut street, the seventeenth person, was reported ill with scarlet fever.

HAUS AVENUE FINISHED

Contractor M. J. Scanlon has completed paving Haus avenue. The city let a contract for paving of the short stretch and today city engineers reported the work finished.

Alcoholism Is Fatal To Man

(International News Service)

LORETTO, Pa., Nov. 1.—Acute alcoholism was attributed today as the cause of the death of John Sheehanan, 50, whose body was found in the stables on the estate of Charles M. Schwab, steel magnate. Sheehanan had been employed as a caretaker at Schwab's summer home.

Wife Of King Of Island Of Borneo Will Visit Hollywood, Seeking To Enter Film

Is Member Of Old Aristocratic English Family; Husband Is White Man

By J. C. OESTREICHER
International News Service Staff Correspondent
Copyright, 1928, by International News Service.

LONDON, Nov. 1.—For the first time in its history, Hollywood is going to have the wife of a ruling potentate among its aspirants to film fame.

Her Highness the Ranee of Sarawak, queen of the ruler of the romantic independent kingdom on the faraway island of Borneo, is leaving London shortly on a trip to Hollywood, where she plans to seek recognition in the land of the Kleig lights and cameras, offering as her stock in trade a number of scenarios and a wealth of experience concerning that quarter of the world where her husband is king.

Not Dusky Maiden.

Strangely enough, it will not be a dusky, be-jeweled, sari-draped ranee who will seek entrance to Hollywood's gates, but instead a modishly dressed English woman of middle age, the daughter of one of England's oldest and aristocratic families.

His serene highness, Rajah of Sarawak, ruler of some 500,000 natives, is himself a white man, known in private life as Sir Charles Vyner Brooke, hereditary ruler of his kingdom by virtue of a century old edict of the sultan of Borneo.

Lady Brooke revealed her plans to International News Service during the course of an interview at her palatial home, "Ascot Hill".

"I hope to be in Hollywood by March," she said. "I have always wanted to go there to visit, and I hope that my trip will result in my doing some actual work for the American films.

To Visit Husband.

"I shall sail in November for Sarawak, where I will visit my husband. After staying with him for some time I shall proceed to California.

"The motion picture has always appealed to me tremendously. I sincerely hope that my trip will not be in vain."

Lady Brooke has written a number of books, chief among them being "My Life in Sarawak," dealing with life in that far off land where she spent many years.

On September 24, 1839, Sir James Brooke was proclaimed rajah of Sarawak after he had been instrumental in quelling a serious rebellion in the country. The title was made hereditary, and now three members of the family have succeeded to the throne.

Lady Brooke was formerly the Honorable Sylvia Brett, daughter of Viscount Esher. She has two daughters, Lenora, 17, and Elizabeth, 15, both of whom are popular in society.

Aged Woman Says Hoover Has 35 Votes In Family

Totally eclipsing all records and overshadowing all competitors, Mrs. Annie McFarland of the Mt. Jackson district, who is 80 years of age, has 35 votes for Herbert Hoover in her immediate family, she relates.

Mrs. McFarland has been a voter since the polls first opened to women, and this year will go to the booths in her precinct and cast a ballot for Hoover, as will 35 members of her immediate family.

Thus far this takes the record for age and the number of Hoover votes in one family. One woman, 74, reported that she had 29 votes in her family; others have reported large numbers also, but Mrs. McFarland takes the race at a walk so far.

She is a lifelong resident of Lawrence county.

Sleep Walker Is Fatally Injured

BEAVER FALLS, Pa., Nov. 1. — Believed walking in her sleep, Mrs. Matilda Boyle, 77, fell from the roof of a porch at the home of her nephew, Harry Rodda, North Sewickley township, and was killed instantly. Her skull was fractured by the 15-foot fall to the concrete sidewalk.

To reach the roof of the porch, Mrs. Boyle had climbed through the window of her bedroom on the second floor. Coroner H. C. McCarter gave a certificate of accidental death.

TAXPAYERS
OF PENNSYLVANIA
WHY PAY 223½ Million Dollars FOR THE USE OF 138 Million Dollars

When the Same Results Can Be Obtained Without the Payment of

$85,560,000 INTEREST?

This Is the Question You Will Decide Nov. 6th

Fourteen Amendments to the State Constitution are to be voted upon in the approaching election. Five of them (Nos. 2, 3, 4, 9 and 10) would authorize increasing the State's indebtedness by $138,000,000. The projects themselves are entirely worthy. But the State's fiscal officers—Auditor General Edward Martin and State Treasurer Samuel S. Lewis—have demonstrated that they can be financed out of current revenues.

THE FIVE AMENDMENTS FOR LOANS ARE:

No. 2—$8,000,000 For Pennsylvania State College
No. 3—25,000,000 For Purchase of Land for State Forestry Purposes
No. 4— 5,000,000 For State Armories
No. 9—50,000,000 For Additional Highway Purposes
No. 10—50,000,000 For Welfare Purposes

WHY ARE THESE AMENDMENTS ON THE BALLOT?

Because: When the Legislature considered these proposals in 1925, it seemed that the issuance of bonds was the only method of financing these projects. However, the financial condition of the Commonwealth has improved to such an extent that now the revenues far exceed expenditures, thus making it wholly unnecessary to borrow money for these purposes.

Mr. and Mrs. Taxpayer and Miss Taxpayer

You now pay no taxes—personal, realty or income—for STATE purposes. If these amendments pass, new taxes are inevitable.

TAXPAYERS If You Want To Avoid Further Tax Burdens

Mark Your Ballot as Shown Opposite

The other nine amendments on the ballot do not involve loans. Those marked YES are worthy of your wholehearted approval.

After a careful study of all of the amendments, The Pennsylvania Taxpayers Association of 1928 urges you to mark your ballot as indicated to the right.

Fire Truck Passes Underwriters' Tests

Must Have Councilmanic Action Before It is Accepted By City

The new Pirsch fire apparatus, now at the Central fire department on South Jefferson street, successfully passed its underwriters' tests Wednesday afternoon, and proved itself even better than the tests require, reports Assistant Fire Chief H. C. Stockman, after a conference with Fire Chief Charles H. Lynn, who was present while the apparatus was being tested.

It is now up to council to accept the truck, says Assistant Chief Stockman, and there is no reason why it should not be accepted. It was contracted for, and it has fulfilled every part of the contract. A mechanic from the Pirsch factory is in New Castle today making minor reports and adjustments to the truck because it was damaged slightly in shipment. Several ladder rungs were cracked while the truck was on a railroad car.

House Catches Fire From Defective Flue

Residence of Arnold Barris of Pulaski township was considerably damaged last night when fire broke out supposedly from a defective flue. Villagers in Pulaski rushed to the rescue and by forming a bucket brigade succeeded in putting the fire out. No estimate of the loss has been furnished.

If Pennsylvania went Democratic and Georgia went Republican, political progress would get something out of the campaign anyway.—The St. Louis Post-Dispatch.

Costs Ten Cents A Mile To Operate Car

Ten cents per mile pays all costs of operation of the average automobile, including every item of expense, states Bernard Hanlon of the New Castle Motor club. The figures of Mr. Hanlon are the result of surveys made by automobile clubs and associations throughout the country recently.

Mr. Hanlon points out that the range of operation costs is from 7.05 cents per mile in the light four cylinder cars to 11.63 cents in the light six-cylinder coach. The average of all types of cars is 10 cents per mile, however.

In 1927, stated Hanlon, the average motorist spent $229 for operation and maintenance, excluding depreciation and garage expenses. The four principal items were replacement parts and supplies $41, tires $40, fuels and lubricants $101 and labor $47.

The average cost during the year was much less than in the year 1919 when the cost was $281. Averages for other years were: 1921, $221; 1923, $222; 1925, $217, and 1926, $219.

Though the costs were slightly greater this year, the general upkeep on the whole is being lessened by good roads and car design, states Hanlon.

Big Rural Vote Seen For Hoover

Rural Vote To Be Overwhelmingly For Hoover, It Is Indicated

By ARTHUR C. WIMER
Special Washington News Correspondent

WASHINGTON, D. C., Nov. 1. — When the farmers of Pennsylvania go to the polls next week, one factor which will lead to a heavier rural Republican votes than ever cast before will be the improvement of highways under the federal aid system the Republican national committee believes.

Because of the repeated claims made by Governor Smith's supporters that he will get the main strength of the city vote; and because of the preponderance of the farm vote which, is normally Republican, the highway improvement program of the Republican administration holds special interest to political dopesters, the committee states.

"The agricultural vote which has shown an increasingly strong interest in Herbert Hoover's agricultural program, with the influence of the highway program, promises to be more potent than in any previous election," according to the national committee.

C. Of C. Directors Meeting Postponed

Members of the board of directors of the New Castle Chamber of Commerce will meet Thursday noon, November 8, at the Elks club, states James W. Cole, secretary.

The meeting was originally scheduled for today at noon, but due to the fact that all of the members were engaged in the Community Chest drive, the meeting was postponed until a later date.

Business which was to have been discussed at today's meeting will be brought up at this next session which will be a dinner meeting at 12:15 o'clock.

Snaps Out of Cold In Record Time!

Did you ever hear of a five-hour remedy for colds? There is one, and it really does bring you out of it completely. Even if it's grippe, this method works only takes longer. It's a simple compound the druggist has in tablets. Pleasant-tasting, but it surely has the "authority."

Plenty of people with a bad cold in the morning have been rid of it by night; and the secret is Pape's Cold Compound. You'll think it just luck the first time, but it always goes to the spot. Druggists have it for 35c.

CLASS COMMITTEES ARE APPOINTED

Various Appointments Of Junior Class At Westminster Are Given Out

(Special To The News)

NEW WILMINGTON, Pa., Nov. 1.—Bradley Evans of Erie, Pa., president of the junior class at Westminster, announced yesterday the various committees of the class which will have charge of activities for the year. The athletic committee, of which Henry Wettich of New Castle is chairman, includes Hazel McClelland, Edenburg; Margaret Reed, Butler; Tudor Lewis, Farrell; and William Turnbull, Elizabeth.

The social committee, with Cora Williams of Cresson as chairman, includes Margaret Andrews, Pittsburgh; James Blackwood, Cleveland; Gordon Mack, Pittsburgh; and James Chambers, New Castle.

Ruth Lewis of New Castle, is chairman of the junior play committee. Ernestine Gleckler of Pittsburgh, Kenneth Homer of New Kensington, and John McElderry of Pittsburgh, are members of the committee.

CROWDS WATCH FIRE ENGINE TEST

New Machine Is Tested Out At Corner Of Mill And Water Streets

Startled exclamations and queries of "Where's the fire?" occurred in the heart of the down town district shortly after 1 o'clock Wednesday afternoon when the new Pirsch fire engine of the New Castle fire department, was being subjected to a rigid pump test at the corner of Water and South Mill streets.

The test for pumping were not made until late afternoon by underwriters. A test of no less than 4 hours long is generally given to all such engines in an effort to ascertain if there be any defects and to see what will happen under the strain of a few hours intensive pumping.

The new engine has not been accepted as yet, state fire officials, and the results of the testing grill Wednesday afternoon will determine the merits of the engine and probably be the deciding factor in the acceptance and purchase by the city, the decision of which lies in the hands of the city council.

Fire Chief Lynn and City Councilman Walter Tyler were present at the test with other representatives of fire houses and city.

Quite a crowd gathered at the tests throughout the afternoon to watch the spray of water that was shooting spirally across the Neshannock creek to the other side. The water was pumped from the creek and the hose directed back to the creek again.

Controversy Over Plumbing Fees

Matter Of $66.23 To Be Adjusted By Council Action

Sixty-six dollars and twenty-three cents hangs in the balance while council is getting ready to consider a communication from Controller P. G. Greer anent a claim of Plumbing Inspector Ed Stevenson. According to the controller the commission is not due but Stevenson's counsel says it is. Therefore council naturally will have to consider the case as soon as the members find time to travel into that famous "burying ground," the committee of the whole.

According to a communication sent to council by Greer, he has completed the audit of the plumbing inspector's accounts for 1927.

He claims that in the report for July, 1927, he found a list of licenses issued by Stevenson from December 31, 1924, to July 1, 1927.

Greer reports that the amount involved is $240.75.

Greer's report further informs council that of the $240.75, there was $220.75 for licenses issued before May 23, 1927 of which a 30 percent commission amounts to $66.23.

He advised council that this amount had been deducted from July receipts which should not have been deducted as the ordinance allowing Stevenson 30 percent commission on licenses issued was not passed until May 23, 1927.

Mr. Stevenson claims that his attorneys have advised him that he is entitled to the $66.23 and it is believed council will settle the question finally soon. City Solicitor White will probably be asked to furnish council with an opinion.

Gas On Stomach Is Dangerous

Bisurated Magnesia Gives Speedy Relief or Money Back

Gas, Pain, Bloating and a feeling of fullness after eating are almost certain evidence of excessive hydrochloric acid in the stomach.

Too much acid irritates the delicate stomach lining, frequently causing chronic Gastritis and dangerous Ulcers. Food ferments and sours, forming a gas that distends the stomach and often seriously affects the Heart.

It is genuine folly to neglect such a condition or to treat with artificial digestive aids that cannot neutralize the stomach acid. A better way is to get from McKee's Kut Rate, Eckerd's of New Castle, Inc., or any reliable drug store some Bisurated Magnesia (powder or tablets) and take a little after each meal. This famous but simple and inexpensive stomach sweetener and anti-acid can be depended upon to prove its value in less than five minutes or the druggist is authorized to promptly return your money. Pleasant and perfectly harmless to use—Bisurated Magnesia does give wonderful relief in nine out of ten cases. Ask your Doctor or Druggist.

Chest Workers After Shirkers

Campaigners Seek To Raise Funds To Reach Goal By Tonight

CHEST AGENCIES DOING GOOD WORK

Although the drive for funds for the New Castle Community Chest is continued over today, yet that did not dampen the spirits of the some 250 Chest workers, team captains and division leaders at the report luncheon which took place Wednesday noon in the east dining room of The Cathedral. Practically all the workers were there and all were filled with enthusiasm by Attorney Thomas W. Dickey before they went out again Wednesday afternoon for their fourth half day of work.

At the close of the meeting, a down town, district of the city was assigned to the workers of each division. This is to be canvassed thoroughly and it is hoped by the officials when the report of this work is turned in success of the campaign will be assured.

As yet, almost $33,000 must be realized before the campaign can be called a success. In pointing to this fact, Herbert Peairs, director of the campaign mentioned the fact that last year at this time over $80,000 had been put in the Chest in the time it took the workers to get $47,000 this year.

"Of course, I know that there is a lot of opposition to the Chest this year, but it is foolish opposition," Mr. Peairs stated. "Some people are not giving because they do not like me personally. In fact, one man on East North street, an English business man, branded me as an "awss." But that has nothing to do with the success of the campaign.

After the meeting Mr. Peairs concluded his statement in an interview. "You know" he said, "there are always people who wish to look down on any institution or group of institutions. We expect a little opposition but in view of the splendid work that the agencies of New Castle are doing at this time I did not believe that the opposition which the workers meet would be so pronounced.

"It is a well known fact that the agencies in the Chest are doing a wonderful work and as Mr. Moody says, a work that is vital to the community life of the city. Yet some people, people of means, will not support the agencies. Why I do not knew.

"But the agencies should be supported. They are working for the betterment of New Castle and working so that it might be a much nicer place to live. May I say again that those who refuse to support the Chest at this time are but a group of slackers of no value to any city."

Following is the report made at the Wednesday noon luncheon meeting covering the work done until noon Wednesday:

Planters Should Apply For Trees

Forestry Department Will Have 8,000,000 Trees Available In Spring

(International News Service)

HARRISBURG, Nov. 1.—Although the present fall planting season is not yet over the Department of Forests and Waters today urged prospective planters of seedlings to make early application if they want to be assured of securing the species they desire.

The department expects to have more than 8,000,000 seedlings ready for distribution during the spring 1929 season.

Those available will include 2,900,000 of Scotch pine, 1,766,750 red pine, 1,016,600 white pine and 1,332,000 Japanese larch. Seven other species will be available in smaller numbers.

Sewer Connection Report In Committee

Although F. F. Miller and C. H. Milholland, engineers, some time ago reported the rateable cost of Union township's proposed sewers with the city system, the report has laid dormant in councilmanic committee but may receive consideration soon.

According to the report, a request had been made by Union township to connect with the city system, an estimated cost of the connections and the share Union township should pay was prepared.

Council To Award Fire Hose Bid

Probability is that city council soon will let a bid for the purchase of 1,200 feet of fire hose of various kind. Bids were received and read to council several days ago. The bids were referred to committee.

Some Volunteer Firemen Refuse Tax Exoneration

City Treasurer Says Some Of Those Exonerated Pay Personal Tax

Louis McClung, city treasurer, today stated that some members of the Volunteer fire department are not taking advantage of the exoneration of school tax allowed by the school board but others are. The amount of the school tax is $5 per capita.

When a list of members of the Volunteer Fire department was presented to city council with a recommendation that they be exonerated from the payment of personal taxation Mayor Gillespie scanned the list and objected to the exoneration.

Council discussed the situation and then referred the list to the committee of the whole where there has been no action taken. In the meantime the school board granted exoneration of school tax.

Today Mr. McClung was asked concerning the tax payment and he said that while the board had allowed the exoneration some members had refused to take advantage of the privilege. He said that city tax is being paid by the volunteers.

There are 141 members and McClung now is mailing refund of school taxes to those who paid the tax before the board handed down a decision. Annually the question comes before city council. This year the list was sent to committee. It will be disposed of soon, it is believed or allowed to lay dormant which virtually is equivalent to a refusal.

Apple Pickers' Labor Reduced By Deer Dinner

TITUSVILLE, Ohio, Nov. 1.—Deer ate most of the apple crop in the orchard of Rosendahl brothers, in Eldred township. When the apple pickers went to take up the task of picking the fruit, they saw a herd of deer scampering away. The animals had picked the apples from the low-hanging branches.

Anxious To Have Accidents Reported

Councilman Walter V. Tyler is anxious to have accident forms printed so that the city will know every fact in every accident—which will be of a big benefit to Councilman W. T. Burns, superintendent of finance.

It is reported that some city employes have been in accidents and the city did not know anything officially for some time following the accident.

To eliminate this and to speed up machinery Solicitor Robt. White has been requested to prepare a form and all persons figuring in accidents must make immediate returns to superior officers.

Division Street Paving Protest

Recently council received a protest relative to proposed paving of Division street between Pearson street and Cunningham avenue and sent the communication to councilmanic committee.

According to the protest the total frontage, net, north side is 1056.2 feet with owners representing 927 feet being opposed to paving. The south side frontage, net, was the same with a representation of 632 feet being opposed.

According to the protest the proposed paving is considered unnecessary, impractical on account of the grade, extraordinarily expensive and that the traffic situation and benefit to the public does not demand the paving.

Councilmen Consider Matter Of New Structure For City Equipment

CITY BUILDING ALSO DISCUSSED

Probability is that council some time during the next year may go scouting for a piece of ground on which a new building can be erected for the housing of all city equipment.

This was indicated today when several councilmen discussed the alleged inadequacy of the municipal buildings in Croton avenue—and which they also said plays havoc with traffic.

One of them, Councilman C. H. Reeves would like to see a new city building adorn the east bank of the Neshannock creek and declares that the city owns enough ground for the project if desired.

Today the councilmen apparently were agreed that equipment, such as trucks, suplies and the mechanical department should be housed in a building large enough to hold them all.

They pointed out that, at present, supplies are stored in different sections as are trucks. In backing from the Croton avenue building traffic is suspended during the operation, they declare.

"That section would make a beautiful place for a new city building" said Councilman Clayton Reeves. He said that the walls of the tool house now are cracked, something hitherto not made public.

Councilmen did not take kindly to the suggestion that the Martin Gantz condemned school property be utilized for city building purposes. "It would cost a lot to tear it down too" one pointed out.

Neither did the councilmen coincide with the probability that a site for a new building for storage purposes be located next to the Central fire department. It would not agree with further plans.

It is probable that the city building and the annex, formerly occupied by the fire department, will be remodelled next year. The treasury office will be rented it is indicated.

"I'd like to sell the city building," said Reeves during the general conversation. "They say we had an offer of $250,000 some time ago."

The other councilmen did not indicate their opinion.

Election Day Will Be Dry One, Agents Are Given Orders

Seek To Prevent Drinking At Polls And To Stop Flow Of Bootleg Liquor

(International News Service)

WASHINGTON, Nov. 1.—Next Tuesday's election will be "as dry as possible," according to an edict by prohibition headquarters today.

While the general policy is to avoid any effort at local police work, orders have been issued to the prohibition administrators from Washington to take unusual precautions to prevent bootlegging and public drinking in the vicinity of voting places.

It was understood that federal agents will be kept on duty day and night November 6 with special reserve corps held available in each district. Reinforcements probably will be sent into the large cities from the force held in Washington for emergency purposes.

Castoria is a comfort when Baby is fretful. No sooner taken than the little one is at ease. If restless, a few drops soon bring contentment. No harm done, for Castoria is a baby remedy, meant for babies. Perfectly safe to give the youngest infant; you have the doctors' word for that! It is a vegetable product and you could use it every day. But it's in an emergency that Castoria means most. Some night when constipation must be relieved—or colic pains—or other suffering. Never be without it; some mothers keep an extra bottle, unopened, to make sure there will always be Castoria in the house. It is effective for older children, too; read the book that comes with it.

Fire Loss For Past Month Is Estimated $275

Twenty-Seven Alarms Are Answered By Department In October

The fire loss for the city of New Castle during the month of October was $275, an exceptionally low figure for any third class city, according to Assistant Fire Chief H. C. Stockman, who made the department's monthly report available this morning.

"The $275 loss includes the barn of J. Clyde Gilfillan on North Jefferson street, which Chief Lynn says was practically worthless," states Assistant Chief Stockman. "The loss here Mr. Gilfillan estimates at $200. If this is not included in the report, then the figures for the month, including buildings and contents, stands at only $75."

During the month 27 alarms were answered by the various companies which make up the New Castle fire department. Of these eight were false. Thus far, during 1928, the department has answered 332 fire alarms.

Hunters Take To Woodland Today Seeking Rabbits

Rabbit And Bear Season Finds Hunters By Thousands In Wooded Sections

(International News Service)

HARRISBURG, Nov. 1.—Thousands of hunters throughout the state took to the field for the opening of the rabbit and bear season which was ushered in today.

The season will continue until December 1, but hunting, under the revised game laws, will be legal only on Thursday, Friday and Saturday of each week. The limit for rabbits is five a day or 30 for the season while each hunter is limited to one bear for the season and four for each hunting party.

The small game season which opened October 15 will close on Friday, November 30.

According to reports here, bear are plentiful in Potter, Cameron, Sullivan, Wyoming, McKean, and parts of Lycoming, Elk, and Clearfield counties. Rabbits are generally plentiful throughout the state.

Loaded Milk Wagon Driven Off By Some Hallowe'en Jokers

Some Hallowe'en joker caused a number of the customers of Edward C. Chapman, 712 Cumberland avenue, to wait a little longer for their milk this morning.

About 2 a. m., Mr. Chapman reported to the police that a horse and milk wagon, loaded for morning deliveries, had been taken from a place near the dairy plant, where the horse had been hitched and could not be found.

The route on which the horse was accustomed to go was searched also all other possible locations but without avail until 6 o'clock this morning, when the horse and wagon were found hitched in the Fombelle Coal Yard in the rear of East Washington street.

It was all evidently in fun for the milk was all intact and all that was necessary for the owner was to make the delivery as usual, if a little late.

SIDEWALKS LAID

Sidewalk Inspector Mosely today reported that sidewalks have been laid by contractors for the Clark interests in front of the site which was formerly occupied by the Liberty theater.

Ridgway Natural Gas Company Gets Assets Of Light-Heat Firm

Approval Of Transfer Made By Public Service Commission

(International News Service)

RIDGWAY, Pa., Nov. 1.—Transfer of the assets of the Ridgway Light and Heat company to the Ridgway Natural Gas company, a newly organized subsidiary of the National Fuel Gas company was announced here today.

The National Fuel Gas company has taken over the St. Mary's Natural Gas company. The new ownership has assumed possession of both concerns.

Formal approval of the transfer was made late yesterday by the Public Service Commission. It was understood here that approximately $1,000,000 was represented in the transfer, and that the stockholders in the Ridgway Natural Gas company received a stock exchange of two for one.

The National Fuel Gas company also has holdings in Erie, Oil City, Bradford, Warren, Meadville, Sharon, DuBois, Franklin, Clarion, Corry, Brookville, Reynoldsville, Mercer, Greenville and throughout the region.

The concern is a part of the United Natural Gas company system.

Pennsy Plans To Electrify Lines

Total Cost Of Electrifying Lines In East Will Cost About $100,000,000

(International News Service)

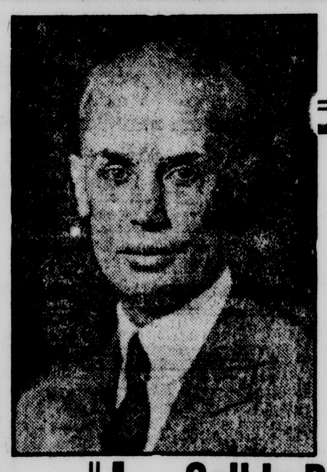

PHILADELPHIA, Nov. 1. — The Pennsylvania railroad will electrify its entire lines between New York and Wilmington, Del., within the next eight years. Later the improvements will be extended to Washington, General W. W. Atterbury revealed today.

The first branch to be electrified will be the lines from Philadelphia to Trenton. Work on this branch will be completed by 1930. The project includes 325 miles or about 1,300 total track miles including grades between the Susquehanna, Schuylkill and Delaware river valleys.

It is estimated the total cost will amount to $100,000,000 to be spent at the rate of about $15,000,000 a year.

Dairy Sire Train Will Arrive In This City On November 9

COMMITTEE MAKES SPECIAL PLANS

This afternoon the Better Dairy Sires special train is stopping at Wellsboro, Pa., following a halt at Tioga this forenoon. There are 12 more stops on the train schedule before it will arrive here in New Castle on November 9.

The meeting in New Castle will take place in the forenoon, from 8:30 in the morning until noon. Then the train will go to Beaver Falls.

Aboard the train are a number of pure bred sires which will be traded for scrubs or sold outright at the cost price. The train is being sponsored by some 50 local, state and national organizations in the 22 cities in which stops are made.

In Lawrence county, F. L. Rentz is chairman of the joint committee composed of dairymen and business men from New Castle. Representing the business men are Ira Ramsey, president of the Chamber of Commerce, and James W. Cole of the same organization.

The county dairymen are represented by N. E. Sampson of Volant, W. H. McCullough of New Galilee and J. A. Boak of R. D. 4, New Castle.

Plans are being made by the committees for the day here and it will be a day of significance to city and country people alike. The stop will be made here near the P. & L. E. depot.

Contractor Is Ready To Build Auditorium

Work In Mercer Will Be Started As Soon As Bonds Are Sold

GROVE CITY, Nov. 1.—Major W. G. Smith of Grove City, to whom was awarded the contract for building the new school auditorium at Mercer will start work just as soon as necessary legal steps have been taken to dispose of the bonds amounting to $50,000 sold by the board of education to a Pittsburgh investment house.

It is with the money from this sale that the auditorium will be built. Mr. Smith states that his arrangements have all been made for the work and that he will start just as soon as he can.

He is anxious to get out the building excavation and pour concrete before cold weather sets in.

Election Night In New York To Rival New Year's Revelry

(International News Service)

NEW YORK, Nov. 1.—Election night will be somewhat like a New Year's eve in New York. Hotels and restaurants are being besieged with requests for reservations for election night suppers."

It will be the first big election night in 12 years, in the opinion of competent judges. Interest in the outcome of the election is tremendous and great throngs of people are desirous of getting the latest radio reports while dining and dancing uptown.

Practically all the big hotels report that reservations for private parties are heavier than for any similar ocacsion in years.

To Examine Mercer School Children

Examination Of 21,000 Children Will Take Until Christmas Says Doctor

GROVE CITY, Nov. 1.—The examination of the 21,000 school children in the Grove City and Mercer public schools starts at once, it is stated today by Dr. S. J. Dickey, the county medical director who is responsible for the examination of these two towns along with the townships of Jefferson and Pine.

The doctor states that the work will take until near the holiday season. The tests in the two townships are very nearly completed.

On the whole, good health prevails among the school children examined so far. The 35,000 school children of the county are being examined at this time. Three other doctors are assisting Dr. Dickey.

GARDNER

Some very grotesque little figures were seen fairly flying along the streets of our village last Saturday afternoon. Who could they be? Whence had they come, and whither were they bound? If they had been followed at a safe distance it would have been learned that the youngest girls in our village and a few schoolmates from East New Castle, all disguised as fairies, elves and gypsies, were merrily headed for the home of Mr. and Mrs. Frank M. Hay of Gardner.

There were 21 children to share the fun and swell the gale of laughter which greeted each new arrival at this masquerade Hallowe'en party. The costumes were all comic, and mirth-provoking, and added greatly to the enjoyment of the little folks.

Such a good time as everybody had. They played several jolly games and had some gay contests. Betty Davis won a prize for the best costume and won in a contest. Zelda Powell also won in a contest.

Mrs. Hay was assisted by Mrs. Wade Chapman in serving a delicious lunch. The hours were from two to five and the party was given for school friends and neighbors. Those present were: Margaret Lawrence, Zelda Powell, Helen Lytle, Sarah Tanner, Irene Wise, Lillie Tindall, Sarah and Lois Badger, Mae and Maxine Williams, Lauretta Robison, Elverda Knight, Helen Chapman, Gladys Moore, Betty Davis, Helen Wilkinson, Virginia, Dorothy, Marian, Louise and Bobby Hay.

Rev. Albert J. Ringer Schumaker, who is a director of religious education in Pittsburgh, spent last Saturday with his mother and sister at Gardner.

Mrs. Harlan of Gardner went Saturday to Harlansburg and came back Sunday evening with Mrs. Samuel Wallace of Pittsburgh.

Last Sunday was Rally Day at the East New Castle Mission. Miss Esther Wagner of New Castle was the chief speaker at the afternoon service. Dorothy Baldwin of New Castle played a beautiful violin solo, which was greatly appreciated.

Homer Houk of East New Castle teaches a Sunday school class at the Mission, and Mr. and Mrs. Houk entertained the members of the class at a masquerade Hallowe'en party last Monday night.

Mr. and Mrs. Whitticar of East New Castle have returned from a delightful trip of two weeks to Cuba.

Mr. and Mrs. James McDonald of the New Castle-Ellwood highway were called to Butler recently to the funeral of their relative, Mrs. Anna Crookshank. Miss Margaret McDonald, Mr. Fetter and Mr. Wentz, all of Butler, were guests at the McDonald home last Sunday.

Billie and Richard Payne of the Ellwood road are ill with scarlet fever.

Rev. Edward Shaffer of East New Castle took his family and Mr. and Mrs. Gibbons and their daughter, Miss Esther, to King's Chapel last Monday night to the revival services which are being conducted by Dr. Neigh.

Mr. Shaffer is pastor of the M. E. church at New Bedford and last Sunday there was a very interesting home-coming service in the afternoon. Rev. Claude Downs was the chief speaker. A number of non-resident members gave a neat sum to have the church building renovated and now it is in fine shape, and those who had given the means to do the work were all invited to see the result of their efforts. It was a happy occasion.

Mrs. Clement and her son Roscoe of the Ellwood road have a new greenhouse nearly completed.

Mrs. L. A. Robison and children of Gardner spent a week at the home of Mr. Robinson's parents, Mr. and Mrs. T. J. Robison, of Butler county.

Sergeant Percy Knight was called on Monday night to the home of his sister, Mrs. Harold Curry, of Wayne Stop. Mrs. Curry is very ill.

Miss Ida Nye of Fombelle Stop was an overnight guest of friends in Gardner recently.

Ten Herbs Gave Grandmother, 86, Blessed Relief

Says New Castle Lady—Thinks It Is A Wonderful Medicine.

"My grandmother, Mrs. John Hogue, 86 years of age, living at 505 East Moody Avenue, New Castle, asked me to come and tell you what she thinks of your great medicine," was the recent statement of Miss Goldie Bauder, of the above address, to the Ten Herbs Man, who is at Eckerd's of New Castle, Inc., 30 East Washington street, this city, where he is daily demonstrating this successful new herbal compound to crowds of men and women of all ages.

MISS GOLDIE BAUDER

"She was completely run-down, and there were pains through her whole body," Miss Bauder continued. "Indigestion troubled her, causing pains. After eating, she would fill with gas and bloat. Sometimes she would try to vomit to get a little relief. Her appetite was poor, and she could not sleep properly. Her liver was very sluggish, and as a result she had severe headaches, dizzy spells and sallow complexion. She was also troubled with pains in her back and loins, and had to arise many times at night.

"Someone suggested that she try Ten Herbs. Since taking your medicine, she has shown wonderful improvement. All her pains have been greatly relieved. She is not bothered with indigestion like she was, and gas and nauseated feeling have been lessened. Her liver seems to be active. Dizzy spells are gone, and her head is clear. Her skin shows a much healthier condition. She rests well at night and does not have to arise so often. She says, 'I have been greatly benefited by Ten Herbs and think it is a wonderful medicine.'"

The Ten Herbs Man is at Eckerd's of New Castle, Inc., 30 East Washington Street, this city, where he is daily meeting the public and explaining the merits of this medicine. He will be glad to tell you how to take it to get the best results.

William Chill To Attend Meeting In New York City

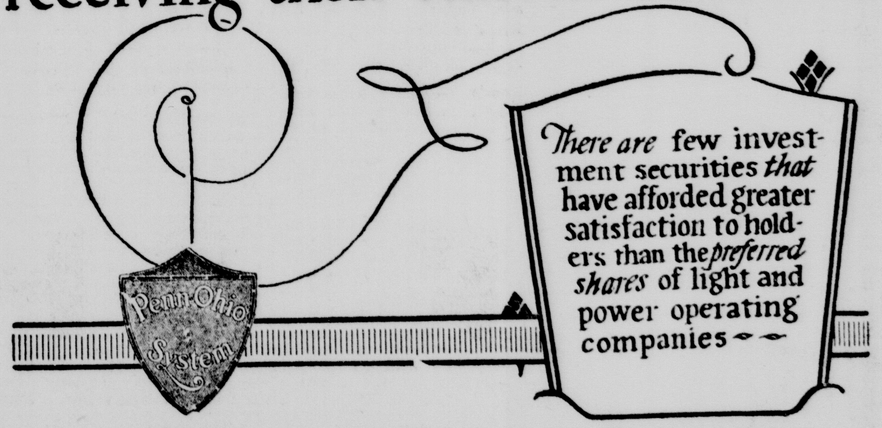

William N. Chill, who makes his home in this city, and who is traffic manager for the Automatic Sprinkler Corporation of America at Youngstown, O., is tonight leaving for New York City to attend a traffic committee meeting of the National Automatic Sprinkler Association, which comprises 14 different sprinkler companies, in order that final plans may be made to appear before the interstate commerce commission on a rate case involving the sprinkler industry.

Mr. Chill was just recently appointed to prepare the testimony and data for the association and will present same before the examiner when the hearing comes up on December 12 at St. Louis, Mo.

"Bill", as he is commonly known, has been associated in railroad circles for quite some time and for the past nine years has held his present position with Youngstown's growing concern.

And yet many of the big jobs are held by men who never in their lives owned a coonskin coat.

The great need of the times is a denaturant that will explode on contact with a steering wheel.

FISHER MONTH IN NEW CASTLE

Do You Know Why So Many People Shop At Fisher's In November?

Have you shopped at Fisher Brothers in November? You don't know how helpful and delightful a store can be until you do. Every year people marvel at the tremendous merchandising preparation for November. They come from far and near to take advantage of Fisher Month. And always people are enthusiastic about the savings, the styles, the selections. If you were to ask these thousands of customers, from Pennsylvania and Ohio, what feature of FISHER MONTH appeals to them most you would probably get dozens of answers. But six of those answers would be repeated hundreds of times. For they would embody the six most important ideas in our November merchandising program.

We Began Our Preparations For November a Year In Advance . . . . So You Would Want to Shop Here For These 6 Reasons

1. —a price policy providing for lowest possible prices on everything. Insured by a Chain Store purchasing power that exceeds that of any competitors.

2. —a quickened promotion policy, that is peculiar to Fisher Brothers alone in New Castle, provides for the introduction immediately of every style change. Daily our own factory "copies exactly every worth while fashion introduced anywhere.

3. —a merchandise policy providing that "Fisher's shall have everything for everyone," from the lowest priced article that will give service to the highest priced article for which there is an appreciable demand.

4. —each floor is arranged in a spacious manner to allow freedom of shopping. Everything is laid out so you may inspect it . . . and all aisles are too open for congestion and too spacious for crowding.

5. —a price, style, and size range that provides selections in ample variety to satisfy the most particular of persons.

6. —Fisher Month preparations are the most extensive in years for these preparations began a year in advance . . . for November is a man's month, and Fisher Brothers are the "MAN'S Store of New Castle. And last but not least all merchandise is NEW.

Thinkers Support Community Chest

Chest Idea Appeals To Tough Minded Thinkers, Says Herbert Peairs

CAMPAIGN CLOSES ON FRIDAY NIGHT

"This is a mechanistic age. Now-a-days there are very few people who take a sentimental viewpoint of any one problem or group of problems. As one prominent psychologist has said, this is the age of tough-minded thinking" is the belief of Herbert Peairs, director of this year's Community Chest campaign.

"And because this is the age of tough-minded thinking, I cannot see why the people of New Castle are refusing to subscribe to the Community Chest. Leaving all ideas of sentimentality aside the Community Chest plan should appeal particularly to the business men, to the business women, to the thinkers. They should see that the Community Chest is perhaps the most economical plan of financing charity and welfare organizations that has ever been devised.

"Of course there are none who cannot see the need of both for charity and social service work. The tough-minded thinker can see this need, and he is not the one who will ignore it. He sees the need, and he sees that the need must be met and met quickly.

"There are many ways in which the need can be met, but the same tough-minded thinker is bound presently to see that the Chest plan is best; he is bound presently to see that here is no other way which gives the same amount of service; which reduces the time element both from the workers and the contributors' standpoint.

"In the past the Chest has proven its worth. Can the people of New Castle, those who think and those who recognize the vital problems of the present, let the campaign fail?

"If they are patriotic, if they love their own city and think well of their own intelligence, they will contribute to the Chest this year because it is the only intelligent way in which this problem facing the community can be met.

"There is still one day left. Perhaps a worker will not be able to see you on the one remaining day of the drive which closes Friday evening. But that should not deter you from giving. If you have not yet subscribed to the Chest and if you feel that after all these nine institutions which are supported by the Chest are vital to the life of the community then you should telephone Community Chest headquarters, 5900 or 5901 and leave your subscription there.

"Will you help New Castle? Will you help New Castle's unfortunates to help themselves? Remember To Care is to Give."

Picking Presidents

1924: Prize Is Dropped In Coolidge's Lap

By CHARLES L. MULLIGAN
Written for Central Press and New Castle News

Calvin Coolidge

Calvin Coolidge, serene in possession of a popularity the experts tried in vain to analyze, and free from any taint of the oil scandals that had been nursed along as the Democratic's party's big selling point in the 1924 campaign, was almost—though not quite—the unanimous choice on the first ballot at the Republican convention, held in Cleveland, O. A handful of votes for the aged Robert M. LaFollette, every one from his own ever-faithful and ever-insurgent Wisconsin admirers, and even fewer for Hiram Johnson—all the rest were Coolidge's. With him was chosen, after many had declined to be considered and Frank O. Lowden, of Illinois, had refused a nomination already voted, the versatile and volatile General Charles Gates Dawes, for vice president.

This was the first national convention to be broadcast by radio, and incalculable ears were glued to its mildly interesting proceedings. But the microphone was storing up some stronger meet. The Democratic convention was yet to come.

It met in New York, June 24, and remained in session until July 10. The first national party council fire in the metropolis since the Tammany Hall gathering that had named the reluctant Horatio Seymour in '68, it proved the longest, bitterest, most quarrelsome and most disastrous convention in history. It surged past the old high water mark of 59 ballots and hung up the astonishing new figure of 103. It broke delegates' hearts and purses, too, as well as records. It blazed with the flames of sectionalism, of religious prejudices, of rural and urban animosity. The nation stuck to its radio receivers, amazed, nearly overwhelmed at the magnitude of the calamity. A great and historic institution was committing hara-kiri, and admission to the spectacle was free.

The squabble over whether the Ku Klux Klan was to be mentioned by name in the platform was hauled out to the floor of Madison Square Garden so that all might join in the exchange of hatreds. Hours of excited polling revealed 541.85 votes for the naming of names and 543.15 against. The balloting was a duel between William G. McAdoo, of California, and Alfred E. Smith, of New York, and neither came near the necessary two-thirds. On the sixty-ninth ballot McAdoo had reached his peak, 350 votes, and on the seventy-sixth Smith had 363. The latter withdrew, then the other, leaving the certainty of election day defeat to fall to the lot of John W. Davis, a polished and learned lawyer and diplomat. The brother of William J. Bryan, Charles W. Bryan, was a total surprise as nominee for second place on the unhappy ticket.

In Cleveland the LaFollette diehards had named their old champion, the militant insurgent senator, with Burton K. Wheeler, junior senator from Montana, as running mate. The national Socialist party was induced to swallow this slate whole. It was Senator LaFollette's last presidential campaign, as indeed it was the elder Bryan's. His candidacy enlivened an otherwise stupid canvas. He did fairly well with the people, though only the Wisconsin electoral vote, which perpetually resided in his pocket, was his. This was the popular vote:

Calvin Coolidge, Massachusetts, and Charles G. Dawes, Illinois, Republicans, 15,606,008; John W. Davis, West Virginia, and Charles W. Bryan, Nebraska, Democrats, 8,189,586; Robert M. LaFollette, Wisconsin, and Burton K. Wheeler, Montana, Progressive and Socialist, 4,757,235.

Electoral votes: Coolidge and Dawes 382; Davis and Bryan, 136; LaFollette and Wheeler, 13.

"I do not choose to run for president in 1928," announced President Coolidge three summers later.

"Herb" Will Receive Near 30 Votes From McConnell Family

North Beaver township comes to the fore with the second family who state that they have a large representation of votes for Herbert Hoover. Mr. and Mrs. F. E. McConnell of the Bessemer district report that they have 28 votes in their family and that they are all for Herbert Hoover.

The McConnell family appear to be in second place in the family race for the greatest number of Hoover votes. The family of Mrs. Annie McFarland of the Mount Jackson district leading with a grand total of 35 votes.

Read This! If You Have VARICOSE VEINS

If you or any relative or friend are worried or suffer because of varicose veins, or bunches, the best advice that anyone in this world can give is to get a prescription that literally hundreds of people all over the country are using with complete satisfaction.

Simply ask your druggist for an original two-ounce bottle of Emerald Oil and apply night and morning to the swollen, enlarged veins, rubbing gently upward and towards the heart as the blood in the veins flows that way. Soon you will notice that they are growing smaller and the treatment should be continued until the veins are of normal size. Emerald Oil is a powerful, yet harmless germicide and results are guaranteed by Love & Megown, Eckerd's of New Castle, Inc. and all good druggists.

Four State-Wide Candidates Given Scant Attention

U. S. Senator, State Treasurer, Auditor General And Superior Judge Unnoticed

PRIMARIES GIVE GOOD INDICATIONS

Thirty-Six Congressmen, 26 Senators And 208 Members Of House Seek Election

By WILLIAM B. BROWN
International News Service Staff Correspondent

HARRISBURG, Nov. 1.—Lost—two complete tickets for state wide offices.

A notice something like the above might serve to remind voters that more people than Herbert Hoover and Alfred Smith are asking support November 6.

A United States senator, state treasurer, auditor general and judge of the superior court are the four state-wide offices to be filled at the coming election.

In addition of course there will be 36 congressmen, 26 state senators and 208 members of the house. They have been busy in their own little corners of the political vineyard making as much public pow-wow as deemed advisable.

The candidates for the two major tickets have made a few addresses and attracted a bit of notice but so far they have been lost in the many angled fight that centers about the candidates for president.

Leaders Not Worried.

Republican leaders anxious to hold down the Smith vote have taken little time to worry about the chances of the four men they are backing for the state wide offices.

At the primary each received more than six times as many votes as his Democratic opponent. Less than a million votes were polled then. At the election it may reach 3,000,000 on the basis of registration, but it is doubtful. Regardless of the increase in the number of votes cast, the Republican leaders feel sure that their state wide candidates will receive more than comfortable majorities.

Democrats Hopeful.

Democratic leaders hoping and working for a Smith majority—they estimate 150,000—believe that such an event would carry with it their entire state ticket.

Republican strategists refuse to even discuss such a possibility. They feel safe on the possibility of enough registered Republicans sticking by the state ticket.

The Democratic candidates know they face a fight where the cards seem stacked always on the other side. William H. Berry who was state treasurer from 1906 to 1908 was the last Democrat to hold state office. That is part of their argument in the present campaign and their hope of remaking the political history of the Commonwealth.

POLICE PROTEST AGAINST GLOVES

Pittsburgh Traffic Officers Now Must Wear White Gloves On Duty

(International News Service)

PITTSBURGH, Nov. 1.—Traffic patrolmen had to be "handled with gloves" recently when police department "law" directed them to handle traffic with white gloves. The patrolmen were directed to purchase two pairs of the white gloves which retail at $1.25 a pair.

One of the patrolmen in registering a vigorous protest said it would "take a pair of gloves a day in this city." He also pointed out the hardship this would work on their wives.

Plan Fire Strips Along Railroads

Will Keep Down Number Of Forest Fires In Springtime, Says Wirt

(International News Service)

HARRISBURG, Nov. 1.—Development and maintenance of adequate fire strips along railroad tracks will be one feature of forest fire prevention stressed during the present danger period, George H. Wirt, chief of the bureau of fire protection in the Department of Forests and Waters said today.

Past studies made by the bureau have convinced officials of the value of clear strips of land along railroads. A ceaseless campaign has been waged urging the railroads to develop such strips and to make sure that they are kept free of inflamable material during the danger periods.

In the spring fire season railroads were responsible for 34 per cent of the total number of fires in the Forbes forest district, one which has a large mileage of railroads. The same condition was said to have existed in other sections where it is possible for sparks from locomotives to start forest fires.

Now let's have a nice enamel-covered contraption you can attach to a light socket to manufacture winter heat.

SCHOOL TAX EXONERATIONS!

There has been some discussion throughout the city in reference to a situation having to do with the collection of school taxes for the year 1927.

It will be remembered that the law imposes upon each one of us a $5.00 per capita tax for school purposes. The duty of collecting this tax rests with the City Treasurer. The information is abroad that almost 6,000 men and women assessed in New Castle for the single year of 1927 did not pay this tax. Numerous inquiries as to the correctness of this information have come to this committee. The answer may be found in the records of the School Board and we herewith submit the facts without comment.

On June —, 1928, the former City Treasurer addressed a communication to the School Board, asking that he be exonerated from the collection of certain taxes and submitted a list of them by wards. The exoneration was subsequently allowed. That part of the list having to do with the exoneration on account of this per capita or personal tax is as follows:

First Ward	$4,450.00
Second Ward	$4,080.00
Third Ward	$4,380.28
Fourth Ward	$5,411.38
Fifth Ward	$3,290.00
Sixth Ward	$2,395.83
Seventh Ward	$2,545.28
Eighth Ward	$4,550.00
The Total Amount Is	**$31,107.77**

This does not include any property tax items for either school or city purposes.

Congress Will Find Farm Relief As Diet First Session Day

Senator McNary Of Oregon Intends Drafting New Farm Relief Measure

(International News Service)

WASHINGTON, Nov. 1.—The battle over farm relief, one of congress' hardiest legislative perennials, will start on the first day of the new session a month hence.

That much was assured today with the announcement of Senator McNary (R) of Oregon, co-author of the twice vetoed McNary-Haugen bill, that he had drafted a new bill.

While retaining most of the features of the old measure, McNary apparently has abandoned the equalization fee, hailed by farm leaders as the heart of the scheme. The new bill was designed to follow Herbert Hoover's views on agrarian relief, especially in regard to setting up farmer-owned and farmer-controlled "stabilization corporations which will protect the farmer from the depressions and demoralization of seasonal gluts and periodical surpluses."

The measure proposes, as Hoover did, substantial outlays in loans from the treasury to carry out the work.

Comparatively Quiet Hallowe'en In City

No Serious Outbreaks Are Reported, Says Chief Of Police

Generally speaking, according to Chief of Police C. C. Horner, Hallewe'en passed off in a very satisfactory manner. There were few calls received of disorder and these were in the outskirts of the city far removed from the scene of the celebration. Some of the disorder reported was in the Seventh ward.

The number of calls according to the chief was no greater than expected. The downtown district where the celebration was held was orderly and there were but three persons arrested on a charge of drunkenness, a very fine record.

Clothes Stolen In Rome, N. Y., Found

New Castle Man Recovers Articles Stolen While He Was In Rome

L. H. McCamic, Wallace avenue, formerly associated with The News and now with the General Organization company of Chicago, had the unusual experience of recovering at the local police station, clothing and other articles stolen from him while at Rome, N. Y., on August 26. He identified and received some of his stolen property from among some stuff sent here by the Little Falls, N. Y., authorities, in belief that they were among the goods stolen from the local Y. M. C. A. on or about October 5.

Walter King is the name by which the thief in this case is best known that being the name given where he committed thefts. According to the local police authorities, King as he is known, is a notorious robber of Y. M. C. A's.

The stuff recovered here this morning by Mr. McCamic included four shirts, two razors and a suit of pajamas, also a leather bill holder and some blank checks stolen from him.

The police still have in their possession a number of articles such as shirts, pajamas, razors, handkerchiefs and a number of other articles, which the owners may have by identifying the same.

Henry Herhold, one of the men robbed at the local association, yesterday identified a wrist watch, fountain pen and other articles as his and secured their return. Paul Weidenbach, the other man robbed, has not appeared to identify some of the stuff as his.

Mr. McCamic informed the police this morning that he had a room in the Y. M. C. A. at Rome, N. Y., when on Sunday morning, August 26, he went to church.

The thief took all his clothing, shirts, handkerchiefs, bath robe, pajamas, razors, etc. The thief did not take his collars, because they evidently bore his initials.

It was the bill fold, which had been given out by the Citizens Lumber company of this city and bearing his name and address, also the blank checks bearing the name of McCamic at one end, which had been stolen in Rome, N. Y., and not the knowledge of the police department of that city of a robbery at the local association that caused the solution of the robbery here.

When inquiry was made here by Little Falls asking if a robbery had occurred here, it just happened that there had been and a description of the articles taken sent back. The list included many of the articles found in the possession of King when arrested at Little Falls.

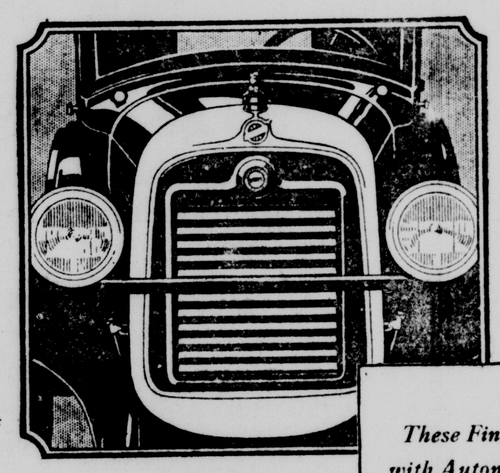

These articles were received here yesterday and an effort is being made to have the same identified and returned to the owners. Mr. McCamic who happens to be in town in connection with the community chest drive, read about this and came to the police station this morning to find that some of his belongings stolen way up at Rome, N. Y., had been returned to his home time.

King while here had a local man endorse his check for something over $49 and the endorsee had it to pay. It is possible that he may be brought back here on that charge when the New York authorities are through with him.

Simple Treatment for Rheumatic and Muscular Pains

If you suffer from Rheumatic or Muscular Pains in the back, chest or limbs, make this 30-minute test at our risk. Congestion (lack of blood flow) is the usual cause of pains in the muscular tissues. Hoffs Liniment, a powerful penetrating stimulant, brings a quick flow of blood to the painful area, relieving congestion and resulting pain. So confident are the manufacturers of Hoffs Liniment, that it will do for you what it has done for thousands of others, that they have authorized all responsible druggists to promptly refund the full purchase price of 30 cents if it does not give you quick relief. You to be the judge.

They've Licked the Enemy—COLD
as you can with
AUTOMATIC
Motor Protection

Illustrating the Studebaker equipped with Pines Automatic Winterfront

WHEN today's motor car manufacturer sets out to improve the operation and life of his car, he goes the limit in search, test and research. He leaves no stone unturned in his effort to find the best. He knows that whatever goes into the making of his car, must deliver, not for one year, but for many years.

The enemy—cold—has been a problem of years with the car manufacturer. It is no longer a problem. They have found a way to beat it. A way that works against cold as surely as cold works against your motor. This way leaves nothing to memory—nothing to guesswork, for methods that do, they say, are little better than none at all. *Automatic motor protection*—they have concluded—is the only way to be always sure your motor is out of danger.

These makers have made their choice on years of experience. You, too, must choose Automatic Motor Protection—if you hope to avoid the damage of cold.

But why automatic?

Why not leave this vital operation to the discretion of the driver? Because the motor car manufacturer knows that the driver forgets. He knows that the national repair bills of millions could be cut in two if drivers didn't forget. Today, when he improves, he makes it *impossible* to forget.

See that the shutter you buy works automatically

These cars *need automatic motor protection* — or they wouldn't have it. Your car needs the same kind of protection. Unless the shutter on your car works automatically, you cannot possibly get full protection against cold. Thus—when you go to buy a radiator shutter this year—be sure it is *automatic*. These great makers tell you that.

Equip at the first sign of cold weather

Science has placed the blame for 50% to 75% of all premature motor wear on cold—greatest destroyer of motor life and efficiency. At 60° Fahrenheit, your motor is underheated. That's when cold strikes the first blow.

You get the warning signal in coughing, spitting noises and delayed starting. You reach for the "choke"—and instantly a flood of raw gasoline hits ice-cold metal. Oil is washed away from glass-like surfaces. Metal grinds against metal at a terrific speed, producing friction no motor can stand. Excessive dilution follows, fouled spark plugs, extreme carbonization, corrosion and rapid cylinder wear. This is the damage you pay for in the spring. *Damage that can now be totally avoided.*

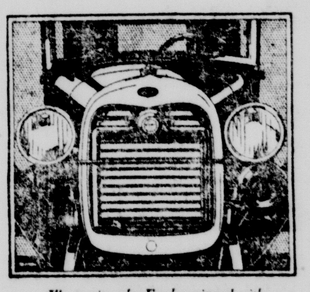

Pines Winterfront stops the damage of cold

Your radiator is a heat waster. It was put there for that purpose. If efficient, it throws away 35% to 40% of the heat of the fuel. At 60° Fahrenheit there is no heat to spare—yet heat waste continues through the radiator. That's why motor temperature must be controlled at the radiator—where heat waste occurs.

Pines Automatic Winterfront completely covers the radiator, and remains closed until the motor is warm enough to operate without damage to vital parts. The shutters then begin to open, *automatically*, allowing the entrance of exactly enough cool air to maintain a scientifically correct temperature.

When you park your car, Winterfront closes completely while your motor is still hot. You cannot walk away and forget it. There is no chance for dangerous neglect.

With a Winterfront on your car, you "warm-up" in seconds. The "choke" habit disappears because there is no need for it. Your motor starts quicker and easier with less battery strain. You enjoy a noticeable saving of gasoline—your car is warm inside—your motor runs with summer smoothness and flexibility.

Lawrence County Needs More Good Roads!

We all admit that Lawrence County needs more good roads. The surest way for us to get those good roads is for the $50,000,000 Good Roads Bond Issue, which appears as Amendment No. 9 on the Ballot, to pass by a large majority.

If the issue fails there will be essentially no funds available for county-aid road construction during the next five years. If it passes, between 500 and 600 miles of new construction will be carried on throughout the next five years. Of that Lawrence County will get its share.

Large Crowd At Tabernacle

Counter Attraction Of Hallowe'en Parade Fails To Lessen Interest

EVANGELIST STIRS GREAT AUDIENCE

Evangelist C. H. Erickson delivered one of the finest and most appreciative sermons on the present day faith in God, Wednesday evening before a throng of men, women and others that far exceeded all expectations for the Hallowe'en night service. In spite of the fact that hundreds were celebrating one of the gayest observances of the year, last night's attendance at Everybody's Tabernacle totalled more than 900.

It was an inspiring crowd that convened under the wooden roof of the hall, wherein scores have been led to acknowledge Jesus as their Saviour. It was a deeply consecrated number that cast aside the pleasures of the evening to go to the regular meeting and hear Rev. Erickson preach gospel truths.

Preceding the evening sermon came the regular praise service, with Mrs Erickson as the leader. The tabernacle choir and quintet gave volume to the singing. A number of selected pieces were sung by the singers throughout the service. Testimonials were also features of the service, a number of persons in the audience telling of the changes that God has wrought in them through Rev. Erickson's prayers. One man said that his hearing had been restored, after eight years of deafness, and the evangelist tested his audibility as proof.

Then came the sermon. Choosing as his text the fifth chapter of Romans, the tenth verse, Rev. Erickson pointed out the important factors in our faith in God. "For if, when we were enemies, we were reconciled to God by the death of His son; much more being reconciled, we shall be saved by His life," the verse reads "This alone tells us that God will intercede by His life for us," the evangelist said.

"When it somes down to the crucial test our faith in God is small," he continued. "It takes trying times to prove us. In the verse I am using for my text tonight, it is said that we are saved by the life of God's son Jesus, who died on Calvary for us. He atoned for our sins. Thus the Lord has shown His faith in us and His kindness to those who love Him, and even to those who do not love Him at times.

"Jesus is our high priest. He entered into the holy of holies and found redemption for us. We owe Him our all, for think of the time that He carried His own blood into atonement for what we had done. And since God accepted His life and blood, He can easily be called our high priest for it was He who made intercession for us.

"We live today because Jesus lives. He sits today at the right hand of God the Father. He's able to save and do for us to His uttermost. The Lord will do it too. We need only to go to Him in prayer, asking only for the cleansing of our souls, for strength and for faith.

"Christ will take us out of any discouragement and any trial. No doubt you've often been afraid or fearful. Should you get that way again go to Jesus and it can be left to Him to show you out of difficulty. Everyone, too, is tempted. Everyone has sinned. Oh! go to God, will you? He's interested in your case and will be a light to you while you travel through what might be a heavy fog."

Hospital Library Three Years Old States Librarian

Branch Of Public Library In Hospital Has Large Circulation Of Books

Hospital library service at the Shenango Valley hospital was organized three years ago, state officials at the New Castle public library. Every Friday morning a truck, loaded with 50 or 60 books goes to every room and ward in the hospital and every patient who wished to read is permitted to take all of the books that he chooses. A collection of several hundred books is kept in the hospital.

The collection of books in the hospital which is a branch of the public library is changed about every two months thus as the rotation of volumes continues a wide variety of books are kept in the hospital branch at all times.

Despite the fact, states the public librarian that the hospital library did not originate in the war it was then that the need and value of hospital libraries was recognized to the fullest extent.

The local library in establishing their branches decided that a hospital branch was necessary and founded the library in the Shenango Valley hospital. One of the librarian force is in charge one day of each week and books are rotated once every two months.

Hospital libraries in war hospitals were used to such an extent that they have been established in many cities throughout the country.

The local hospital branch states the library has a large circulation each month.

New Wilmington High Students Have Program On Wednesday

(Special To The News)

NEW WILMINGTON, Nov. 1.—Students of the local high school got together yesterday morning for the first assembly of the year. The assembly was followed by a pep meeting at which Willis McGill presided.

The program of the assembly included an opening song by the school, scripture reading by Willis McGill, a recitation by Ruth Adams, a reading by Harriet Hartwell, a violin solo by Irma Wible, a one-act play given by members of the junior class and an essay by Victor Smith.

The program committee which includes Thomas Hutchison, Willis McGill and Richard Davis met with Principal G. E. Nord to arrange the program for yesterday's assembly and the remaining programs of the year will be worked out on a similar basis.

After parading through town last night, the mummers congregated in the social room of the local Methodist church and a program was put on. Raymond Sharp, clever boy gymnast, put on several stunts; Thomas Rogers, Jr., sang some popular songs; William Hamilton gave a number of violin selections and Miss Alda May Hawk and Miss Margaret Weber sang a variety of duet numbers.

BEWARE THE COUGH FROM COLDS THAT HANG ON

Coughs from colds may lead to serious trouble. You can stop them now with Creomulsion, an emulsified creosote that is pleasant to take. Creomulsion is a medical discovery with two-fold action; it soothes and heals the inflamed membranes and inhibits germ growth.

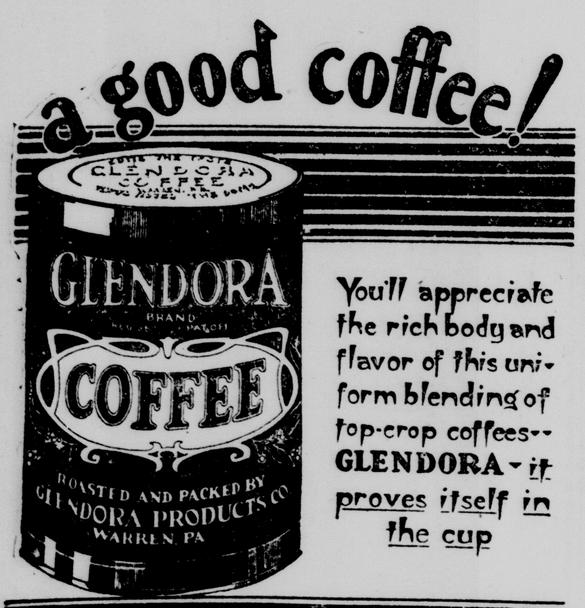

Of all known drugs creosote is recognized by high medical authorities as one of the greatest healing agencies for coughs from colds and bronchial irritations. Creomulsion contains, in addition to creosote, other healing elements which soothe and heal the inflamed membranes and stop the irritation, while the creosote goes on to the stomach, is absorbed into the blood, attacks the seat of the trouble and checks the growth of the germs.

Creomulsion is guaranteed satisfactory in the treatment of coughs from colds, bronchitis and minor forms of bronchial irritations, and is excellent for building up the system after colds or flu. Money refunded if not relieved after taking according to directions. Ask your druggist. (adv.)

Now! meal time is a happy event

"IT is all so wonderful, I can hardly believe my eyes. When I think how badly you used to feel—didn't want anything to eat—perhaps sometimes a little grouchy and miserable, and just driving yourself by main force, I almost shudder. I know it worried you, too. You seemed to feel as though you were slipping. Then one day you brought home a bottle of S.S.S. and told me you were going to give it a trial. That was only a few weeks ago. Today you look like a new person. Your appetite is keen, your flesh is firm, and your whole being seems to radiate happiness and I am happy too, because you are well and strong again."

Loss of appetite only a symptom

It is a known fact that when one's system gets "run-down," they haven't the resistance to ward off diseases. *Loss of appetite is only a symptom.* General weakness pervades the entire body. There is no desire to work or play.

Rich, red, blood builds and sustains

Your physician will tell you that lowered vitality is the result of an insufficient supply of red blood cells—those vitalizing elements in the blood that build and sustain the body.

Without plenty of rich, red blood, there can be no strong, sturdy, powerful men, or beautiful, healthy women.

When you get your blood cells back up to normal, that sluggish, let-down feeling, loss of appetite, rheumatism, boils, pimples, and skin troubles disappear. You get hungry again; sleep soundly; solid flesh takes the place of that which was once flabby. You feel strong; and your nerves become steady.

Governor Fisher Issues Roll Call Proclamation

Urges Co-operation Of Every Resident Of State With Red Cross

Along with pledging his personal support to the annual Roll Call of the American National Red Cross, Governor John S. Fisher of the state of Pennsylvania, has issued a proclamation urging the co-operation of every resident of the commonwealth in this noteworthy campaign.

The Governor's proclamation follows:

Whereas, the twelfth annual Roll Call of the American National Red Cross will be conducted from Armistice Day, November 11, to Thanksgiving, November 29, and

Whereas, this period his been set aside to give everyone an opportunity to enroll or renew his membership in the American National Red Cross, and

Whereas, the American National Red Cross, national and world-wide instrumentality in scope of service to relieve and serve wherever destruction, devastation or desolation is visited upon mankind, elemental or otherwise, and its activity is helping to solve the problem of public health and its interest in all other humanitarian projects, offers, through membership, the medium by which the more fortunate may assist the afflicted in time of disaster, and

Whereas, the disaster relief work performed by the Red Cross during the last year has marked an epic of achievement in its history in view of the completion of its work in the Mississippi valley involving eight states, the relief work in connection with the New England flood and the St. Francis Dam disaster in California, the active work now under way in Florida and Porto Rico and the general relief work in connection with forty other disasters in the United States and about fifteen in foreign lands, indicating the widespread scope and efficiency of the organization.

Now, therefore, I, John S. Fisher, Governor of the Commonwealth of Pennsylvania, urge the citizens of our state to respond whole-heartedly to the twelfth annual Roll Call by enrolling their names under the banner of the American National Red Cross, and suggest that the work of this organization be especially emphasized in all places of worship and at all public gatherings so that this humanitarian service may continue and at all public gatherings so that this humanitarian service may continue and enlarge in scope.

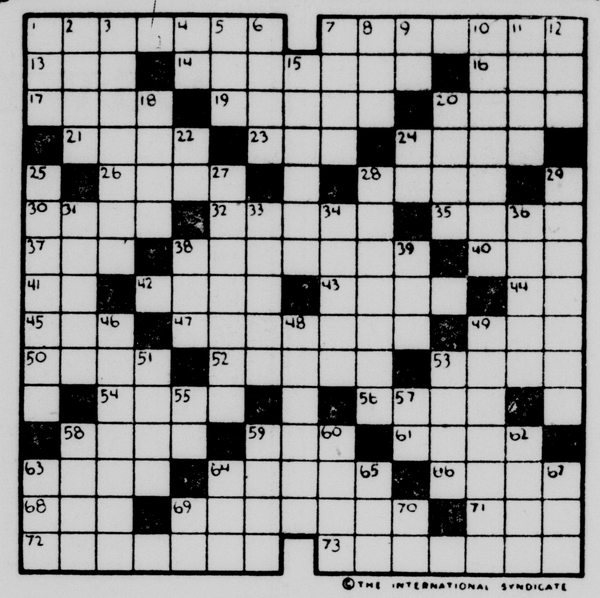

Seal Of
State of Penna.

Given under my hand and the Great Seal of the Commonwealth of Pennsylvania, at the city of Harrisburg, this eleventh day of October, in the year of our Lord one thousand nine hundred and twenty-eight, and of the Commonwealth the one hundred and fifty-third.

By the Governor: JOHN S. FISHER.
CHARLES JOHNSON,
Sect. of the Commonwealth.

The drive of the Community Chest in New Castle is the substitute for the Red Cross Roll Call here. The drive will be conducted only in those parts of the county where chest organizations do not function. Ellwood City and New Wilmington are also omitted for this reason.

Non-Political Forecast Says Hoover Certain Of States 38 Electoral Votes

By ARTHUR C. WIMER
Special Washington News Correspondent

WASHINGTON, D. C., Nov. 1. — Pennsylvania will give its thirty-eight electoral votes to Herbert Hoover next week, it is declared in the Kiplinger Washington Letter, a non-political communication circulated privately among banks and corporations. The Letter makes this forecast only after receiving thousands of letters and answers from friends and clients in the state, collecting private opinions of newspapermen who have traveled in the state, and studying straw vote trends.

The Letter comments of Pennsylvania:

"Pennsylvania, many think is for Smith; but we can't see it, any more than we can see Alabama for Herbert Hoover."

The Letter states that the straw votes conducted by the Literary Digest, by the Hearst papers, and by the Pathfinder, give Hoover a total of 250,719 votes in Pennsylvania as against 132,642 votes for Smith in the State.

Costly Traffic Report Still In Committee

Morris Knowles & Company's traffic survey which was furnished to the city of New Castle at a cost of approximately $2500, is in the committee of the whole of city council.

Among the points which the traffic experts dealt with in compiling the report was the proposed North street bridge which now is being built.

It is anticipated that during some future meeting of council the solons will give the report study in view of the ever increasing traffic problem here.

FREE OF HEALTH TROUBLES SINCE HE GOT KONJOLA

Neuritis Pains Banished; Also Relieved Severe Stomach Suffering.

MR. JOHN G. ZOOK
Seavy Photo

Nearly all modern people are susceptible to the common ailments. This is because we do not take care of our bodies. Seventy percent of all diseases are caused by the stomach, liver, kidneys and bowels becoming clogged and sluggish, sending poisons through the body, and leaving it prey to ailments of every nature. To spare oneself the discomfort, disability and final dissolution due to a rundown and disordered inner-system, the ailments that lead up to them must be taken care of. Therefore, this new medicine, Konjola, has been prepared. It is composed of Nature's own remedies, which never fail to liven up those important functionary organs. Thousands who have taken this medicine tell of it's wonderful effects on their health.

One of the latest indorsements came from Mr. John G. Zook, R. R. No. 4, New Castle, who interviewed the Konjola Man at the Love and Megown drug store, 204 East Washington street, this city, and gave him the following report:

"I am recommending Konjola every chance I get, because I know what this medicine will do. It ended my stomach trouble and neuritis so that I feel better than for years," said Mr. Zook.

"My suffering was so bad that for many days I was unable to work. The neuritis pains were just like hot daggers sticking in me. Most of the pains settled in my shoulders and made it almost impossible for me to raise my hands over my head. There were times when the base of my skull pained so much that I thought I couldn't stand it any longer. Then to add to my suffering I would have to stand awful indigestion pains after every meal. Gas would form and press against my heart, making it palpitate so that I thought it would stop beating. Even my liver and kidneys were disordered. You can see, that my health was in a terrible state.

"One day while I was near the headquarters of the Konjola Man I stopped in to see him. He explained this new medicine to me and when I heard that it worked as Nature intends I made up my mind to give it a fair trial. I began taking Konjola as directed and within a surprising short time I could notice a change in my entire system. First of all Konjola gave my inner-system a thorough cleansing and regulated all the organs. The neuritis pains began easing up and as I continued with the treatment they completely disappeared. Now it is a fact that I have not a single ache or pain in any part of my body. My bowels are acting free and regular so that the headaches are things of the past. My stomach never gives me any trouble and I am eating whatever I want without suffering afterward. In fact my entire health is so much better I hardly realize I am the same person. I will always recommend and indorse Konjola to others who are suffering as I once did."

The Konjola Man is at the Love and Megown drug store, 204 East Washington street, New Castle, where he is daily meeting the public and introducing and explaining the merits of this remedy. Free samples given.

Konjola contains juices from 22 plants—more than other medicines. It is a new compound that works with the sufferer's food, restoring more healthful action to the important organs (stomach, liver, kidneys and bowels) and producing new energy and glorious health in a natural way, thru the entire inner-system.

PETER'S ADVENTURES in ANIMAL LAND

BY MRS. FLORENCE SMITH VINCENT

THE RUNAWAY WAVES

"Gug-gug-swish-swish! The water gurgled in glee. Now I am mightier than are you, oh banks! You can hold me no longer. I am running away from you, and what a good time I shall have! I shall flow in any and every direction—no more running in a straight course, whether I wish to or not! Now I shall see what lies just above your tops. Ooh! Trees and reeds and a queer prickly bush! Oh dear me, how happy I am! What fun it is to ripple out here in the open!

"Sacred Ibis and his brother Scarlet (for these were the names the people of Egypt had given to White-Coat and Red-Feathers), flew to the very top of a tall palm tree and sat there too amazed to say a word.

"And the water spread and spread until all the ground around, which had been so dry, had been turned into a great lake, and here and there clumps of trees rose out of it like islands.

"'I say, brother Scarlet, it seems to me that we better move further inland. I like the water, and so do you, but it would be far more pleasant for us to know what we can depend upon. I never saw anything like this before. Who knows but soon the water will be over the top of this palm tree.

"'Besides, I am as hungry as a buzzard, and I'll bet you a lizard that the water has brought a lot of tidbits up on the land. Right here it is too deep for anyone but a diver to find them, but let's fly to the shallows and go fishing. I am just dying to get my feet wet. I don't know when I have been out of the ripples so long.'

"Without waiting for his brother's answer Sacred Ibis started on his way, and, of course, there was nothing for Scarlet to do but to follow him.

"Sacred Ibis had made a good guess—the shallows were full of delicious things to eat. There were fat green frogs, juicy mollusks and any number of small snakes and insects that had been taken unawares by the flood before they could crawl to safety.

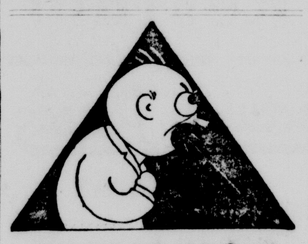

"Sacred Ibis and his brother ate and ate and ate—to have seen them one would have thought they had never had a good meal before in their lives—and they never stopped until they simply could not swallow another thing. At last they flopped down upon the ground to rest and talk things over."

Decennial Census To Be Taken In 1930—To Record Changes

By ARTHUR WIMER
(Special Washington News Correspondent.)

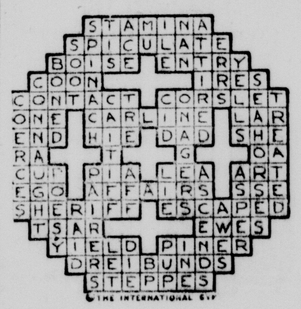

WASHINGTON, D. C., Nov. 1.—The aid of the postmaster of New Castle is sought in the preparatory work incident to the forthcoming decennial census of 1930 which is now engaging the attention of the United States census bureau, according to Postmaster General Harry S. New.

The census work involves the necessity of obtaining information regarding minor civil divisions, incorporated places, and changes in local conditions that have occurred since 1920.

"It is the purpose of the postoffice department to cooperate with the bureau of the census in this important work," Postmaster General New states. "Postmasters are requested and directed not only to furnish to the census bureau all data called for, but also to give their best advice and opinions on information sought."

Stubborn Cough Quickly Ended by Famous Recipe

Here is the famous old recipe which millions of housewives have found to be the most dependable means of breaking up a stubborn, lingering cough. It takes but a moment to prepare and costs little, but it gives real relief even for those dreaded coughs that usually follow the "flu."

From any druggist, get 2½ ounces of Pinex, pour it into a pint bottle and fill the bottle with plain granulated sugar syrup or strained honey. Thus you make a full pint of better remedy than you could buy ready-made for three times the cost. It never spoils and tastes so good that even children like it.

Not only does this simple mixture soothe and heal the inflamed throat membranes with surprising ease, but also it is absorbed into the blood, and acts directly upon the bronchial tubes, thus aiding the whole system in throwing off the cough. It loosens the germ-laden phlegm and eases chest soreness in a way that is really astonishing.

Pinex is a highly concentrated compound of genuine Norway Pine, containing the active agent of creosote, in a refined, palatable form. Nothing known in medicine is more helpful in cases of distressing coughs, chest colds, and bronchial troubles.

Do not accept a substitute for Pinex. It is guaranteed to give prompt relief or money refunded.

The Philippines As An American Colony Aguinaldo And The American Leaders

THE ESTABLISHING OF A FILIPINO REVOLUTIONARY GOVERNMENT BY EMILIO AGUINALDO CREATED A DELICATE SITUATION BETWEEN THE NATIVES AND THE AMERICANS WHO HAD SEIZED THE BAY AND CITY OF MANILA FROM THE SPANIARDS. ADMIRAL DEWEY HAD AIDED AGUINALDO, BUT HAD CAREFULLY REFRAINED FROM GIVING THE FILIPINO CHIEF ANY ASSURANCES OF RECOGNITION.

BY THE MIDDLE OF THE SUMMER THE UNITED STATES GOVERNMENT WAS THINKING OF HOLDING THE PHILIPPINES. THE WITHDRAWAL OF OUR TROOPS WOULD LEAVE THE ISLANDS A PREY TO INTERNAL STRIFE OR TO SOME POWERFUL FOREIGN NATION. GENERAL MERRITT WAS INSTRUCTED TO SET UP A MILITARY PROVISIONAL GOVERNMENT REGARDLESS OF THAT OF AGUINALDO.

BOTH SIDES WISHED TO AVOID AN OPEN BREAK. AGUINALDO DID NOT AT ONCE APPROACH GEN. MERRITT, BUT LATER SENT AN AIDE TO INTERVIEW HIM. GEN. MERRITT STATED THAT HIS PROCLAMATION ON OCCUPYING MANILA HAD SET FORTH THE CONDITIONS UNDER WHICH THE AMERICAN FORCES HAD COME TO THE PHILIPPINES, AND DECLARED THAT THE MILITARY GOVERNMENT WOULD BE MAINTAINED UNTIL FURTHER ORDERS FROM WASHINGTON.

THE GENERAL EXPRESSED OUR SYMPATHY AND FRIENDSHIP FOR THE FILIPINO PEOPLE, BUT DECLINED TO RECOGNIZE THE AGUINALDO GOVERNMENT OR MAKE USE OF ITS TROOPS. GEN. MERRITT SAID, "I TOLD THEM THE UNITED STATES HAD NO PROMISES TO MAKE, BUT THAT THEY MIGHT BE ASSURED THAT THE GOVERNMENT AND PEOPLE OF THE UNITED STATES WOULD TREAT THEM FAIRLY."

Wilce Making Good At Ohio State May Be Asked To Remain

Wolves At Ohio State University Last Year Have Lost Sharp Fangs, It Seems

Ohio State Hopes To Defeat Princeton And Call It A Successful Year

By DAVIS J. WALSH
Sports Editor International News Service

COLUMBUS, O., Nov. 1.—Largely, I suspect, because Ohio State football teams never seemed able to win at least ten games out of a possible nine, there were those at this time last year who were all for riding Dr. John Wilce out of town on a razor blade. This suggestion so irked the doctor that he took the only course open to him and a few other things, including their word for it, his hat, their breath, his leave, strictly in the order named, also his time about.

The resignation of Dr. Wilce as football coach doesn't become effective until the end of the current season. But now that Ohio State hasn't lost a game this year—thereby differing somewhat from Chicago and Michigan, which haven't lost a game since last Saturday—there seems to be a tendency today toward the notion that somebody may have been too hasty and that it wasn't the doctor. I said tendency and I don't mean stampede. For this is a story with three possible climaxes.

Spears Mentioned

The second revolves around the report that Clarence Spears, Minnesota coach, may be blandished into coming in here next year to see what he can do about it. Nobody appears to have anything definite on Clarence in this respect, except that his contract with Minnesota expires this year and that he is such an ardent exponent of the shift that he even has been known to use it in connection with his professional affiliations. Clarence coached successively and I may say successfully at Dartmouth and West Virginia before going to Minnesota.

The third climax may be furnished, they say, by Sam Willaman, present backfield coach here, who had more than a modicum of success at Ames and at East High in Cleveland. Samuel, as a candidate, is nobody's chump but that won't save him from being forgotten in the event that Wilce wins at least two of his three big games yet to be played with Princeton, Iowa and Illinois. There is none so sincerely penitent as the crusader who finds that he has campaigned against a winner.

May Be Retained

You should not be surprised if you hear that Dr. Wilce has been asked to reconsider his resignation. These words are said to have been spoken before a representative gathering of local business men the other day and the speaker is alleged to have been L. W. St. John, director of athletics at Ohio State, and a pro-Wilce man from the first. On sound authority, I am informed today also that a petition for Wilce's re-engagement in 1929 has been circulated at the Columbus Athletic Club, one of the most influential of local organizations.

Of course, all that is necessary to make this sentiment congeal is for Dr. Wilce to blow the Princeton game on Saturday and I mention Dr. Wilce as doing the blowing, advisedly. For the past performances of local sentiment have proved that. Although the teams wins the ball game when it is won, the doctor always loses it when it is lost. One also gets that way playing toss with a two-headed coin. It simply is his misfortune to be in a community that takes its football more seriously than any other place in America.

It isn't the university that is so hard to please, though in truth the average university is about as easy to please as the average mother-in-law. St. John has stood behind Wilce all the way. So have a number of the graduates down town, although their voice was drowned in the general clamor last year. It is this voice that is beginning to be heard now.

Nebraska Makes Offer

Where does the clamor come from? Barring some graduate organizations but through the state, it is likely to be heard as loudly in non-collegiate quarters as anywhere. The taxi man who takes you to the stadium is an Ohio State fan. So is the street car motorman, the clerk on the desk at the hotel; in fact, almost any Mr. Average Man you meet on the curbstone. All of them are intensely, acutely, vitally interested in Ohio State football and their emotions on the subject never are far from the surface.

Football coaching at State therefore, has become virtually a civic office, with the exception that officeholders are elected and can't be fired without cause while a coach is appointed and can be, with or without.

Just how Dr. Wilce views the present reaction, nobody seems to know. It is understood that Nebraska had extended overtures looking toward possible appointment as athletic director at Lincoln. His attitude toward this proposal also is unknown. In fact, there is only one thing definitely known about the entire matter and that is that, if Ohio State concludes a successful season, the doctor very likely will be asked to think better of his determination to turn up very absent at roll call here next fall.

South Hills Will Come Saturday In Big Auto Caravan

Booster Day Committee Hard At Work On Fine Program Of Events

The South Hills High School football team of Pittsburgh will come to New Castle on Saturday morning via motor bus, and it has been reported that quite a good sized caravan of automobiles carrying students and fans will accompany the team.

It was at first intimated that perhaps South Hills would charter a special train to New Castle for the grid contest, but it seems that lack of patronage due to the fine fall weather and good driving conditions that the students for the most part selected the automobile caravan plan.

The New Castle Booster Day committee is hard at work on the gigantic program for Saturday afternoon in conjunction with the football game. Various features have been lined-up and everything is set to show the gridders that New Castle fans appreciate their efforts.

A part of the proceeds of the game Saturday will go to help pay for new uniforms for the High School band.

Hybert Training Hard For Battle

Realizes Importance Of Match With Firpo Here Monday Night

WOUNDED LIP HAS HEALED COMPLETELY

Floyd Hybert, hard punching Swedish welterweight, is training vigorously for his coming ten round battle with Young Firpo at the Jolly Bowl for Monday night. Hybert realizes that this is an important scrap and the gruelling manner in which the last fight was staged presages considerable trouble for him and he intends to be in the best of condition for that fray.

When Hybert fought Firpo the last time he substituted on four days notice and naturally was unable to release his best efforts. He got tired in the closing rounds and was subjected to blows he would otherwise not have received had he been in good condition.

They were originally scheduled to cross gloves two weeks ago but Floyd suffered a deep injury in his lower lip and was forced to ask for a postponement. Floyd is well aware of the dangerous procedure of going into the ring in poor shape and is sparing no efforts to prime himself faithfully and efficiently.

Intends to Force Fight.

He has been boxing from four to eight rounds in the gymnasium daily and has tested the wounded lip thoroughly and is fully convinced that he is in first rate condition.

Floyd intends to carry the fighting through the entire distance and offset the hard hitting of Firpo through constant aggressiveness. He is a believer in the best defense is a good offense and he intends to pursue that policy throughout the fight.

Hybert has another tentative match awaiting him at St. Paul with My Sullivan whom he previously defeated in Chicago. This will mean considerably to Hybert's future and he does not mean to let Firpo thwart him in the impending battle. Sullivan is rated one of the greatest boxers of the middle west and Hybert's defeat over him occasioned great surprise. The return between Hybert and Sullivan will be a classic and if Hybert should happen to get beat by Firpo it will possibly mean the cancellation of the Hybert-Sullivan scrap.

Soviet Russia In Throes Of Famine

(International News Service)

LONDON, Nov. 1.—Soviet Russia is in the throes of a famine which is reaching serious proportions, according to reports from Helsingfors and Riga received by the Exchange Telegraph company here Wednesday.

Mounted police are patrolling Moscow and dispersing near-violent mobs whose leaders openly denounce the government, the Helsingfors report stated. Foreign legations in Moscow are perturbed over the seriousness of the situation, although some, it is said, are disposed to welcome it because it affords them a legitimate reason for leaving.

Westminster Badly Crippled For Game Against Duquesne

(Special To The News)

NEW WILMINGTON, Pa., Nov. 1.—Westminster football officials are now asking the question, "What price glory?" Although the United Presbyterians turned back a strong Thiel team here Saturday and won by a 7-0 score, many of the first-string players were on the sidelines yesterday and will not see any action this week. Even without risking practice sessions, it is doubtful whether or not these men may start the Duquesne game at Pittsburgh.

Dible with a dislocated shoulder, Forsha out with internal injuries, Lauder in Pittsburgh trying to get treatments to cure him, Havrilla with an injured leg and McQuiston with minor injuries present an idea of what Saturday's victory cost.

The Dukes will be in fighting fettle on Saturday after taking one on the chin from Geneva. For this reason, if for no other, they will be hard to beat. But the United Presbyterian squad, despite injuries and despite the early season setbacks, are looking forward to the game with interest.

In all probability, the Westminster backfield will consist of McQuiston or Holzapfel at quarter, Michaels at full, Campbell at right half and Palmer at left half. This will give Beede two freshmen who have had but little experience but who have plenty of ability.

Beese cannot afford to risk injuring any more players. Sixteen gridders saw action in the Thiel game and of this number five will not be able to play against the Dukes Saturday.

Friedman To Get Hearing Friday

NEW YORK, Nov. 1.—William "Sailor" Friedman, former lightweight boxer was held without bail for hearing Friday on the charge he is a fugitive from justice from Philadelphia.

He was arrested on telegraphic information from the district attorney of Philadelphia that he had been indicted for "assault and battery with intent to kill."

The police say Friedman is charged with assaulting a witness about to testify in the Philadelphia investigation in which his former manager, Max "Boo Boo" Holf, is involved.

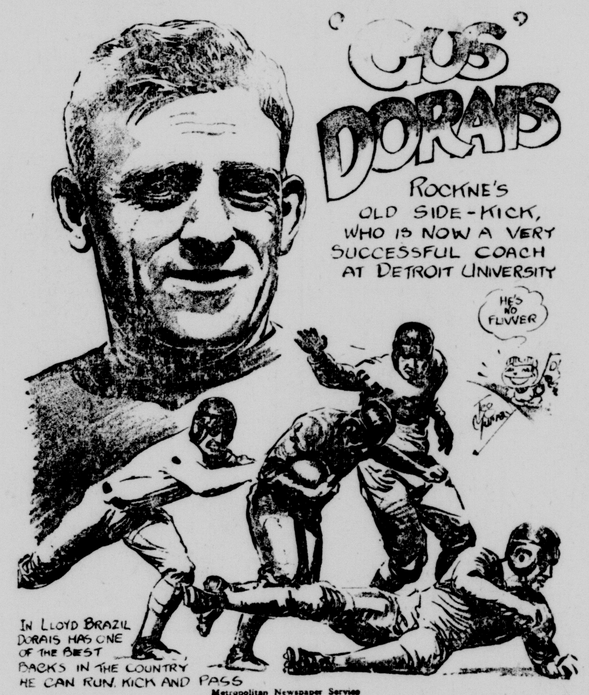

Giants To Train At San Antonio

(International News Service)

NEW YORK Nov. 1.—Following the example of other big league baseball teams the New York Giants have deserted Florida and will train next year at their former camp in San Antonio, Texas. After playing several exhibition games in Texas including contests with the Chicago White Sox and the Pittsburgh Pirates the Giants will begin a series with the Washington Senators. These games will be played at Tampa, Fla., on April 8, at Augusta on April 9, at Charlotte on April 10; at Washington on April 11 and 12 and at New York on April 13 and 14.

He Passed To Rockne

By [illegible]

About 12 years ago two young men tossed a coin to see who would coach the Notre Dame football team for the following year. They were Knute Rockne and Gus Dorais, roommates and teammates and co-coaches of the Irish varsity during the season that had just closed. As players they had startled the East as a forward-passing combination, Quarterback Dorais flipping passes so accurately to Rockne, playing end, that the Army was completely bewildered and taken in to the tune of 35 to 13.

Well, "Rock" won the toss, and since then has made himself and Notre Dame famous, but there is reason to believe that if Dorais had won he and Notre Dame would not be just as famous now, too. Dorais went West and coached Gonzaga University at Spokane, Washington, and although the institution had only 180 men students, it soon established a football reputation and was admitted to the Pacific Coast Conference about 1924. Soon Dorais's skill got him the coaching job at Detroit University, where his team has been far from a "set-up" for the last three years. In 1927, for instance, Detroit lost only to Army and Notre Dame, holding the cadets to six points. The high spot of the season was a 12 to 7 victory over Carnegie Tech.

In Lloyd Brazil Dorais has one of the most versatile backs in the whole country. As left halfback he is the perfect "triple-threat" player, and on the defense he is a brainy, hard-tackling stone wall, as well as a canny intercepter of passes. Fast, slippery, tough—he would be heralded far and wide if he were playing for Yale or some other famous eastern football institution.

"The equal of George Gipp", is what Coach Dorais has to say about Brazil. And that, friends, is far more than faint praise!

Deadlock With Washington Spurs Team; South Hills Has Good Team

SHAFFER WORKING AT QUARTERBACK

Determined to show the fans that they really have a fine offensive team, and spurred to fighting heights by the recent 0-0 deadlock at Washington, the New Castle High school gridders are hard at work this week preparing for the South Hills game.

Coach Bridenbaugh has indicated that if the team doesn't come through with a victory on Saturday that several of the regulars will be sitting on the bench. Whether or not any changes will be made prior to the South Hills game is unknown.

Shaffer at Quarterback

Glenn Shaffer the former Illinois gridder has been used all week as signal barker replacing Arthur Sillman, and it begins to look as if Coach Bridenbaugh intended using his "triple threat" man at quarterback. Sillman was slightly injured in the workout yesterday afternoon.

The varsity backfield this week has been composed of Shaffer, McIntosh, McAuley and Harper for the greater part of the time, with "Toby" Fennati and Sillman working into the play ever so often.

Church Bowlers Will Meet Next Saturday Night

Final Meeting Saturday At Y. M. C. A. Prior To League Games

The final meeting prior to the start of the bowling league in the city church will take place this Saturday night, November 3, in the Y. M. C. A. at 8 p. m., states Walter Kirker, physical director of the Y. M. C. A. and director of the league arrangements.

Thus far, seven churches have joined the league and are in readiness for the start of the season. Any other churches wishing to enter teams in the league should send representatives to the Y. M. C. A. immediately and be placed on the schedule.

At the meeting November 3 final arrangements concerning the series of games which will be played will be made and the schedule drawn up. There will be no teams admitted into the league after Saturday night, states Kirker.

The seven church teams already entered into the league have started practice and it is expected that the bowlers will be whetted in fine shape again the start of the league tournament in the first week of November.

The rules governing the league are of the same nature as those in effect during the church baseball league during summer months.

Coach Flenniken Sends Covenanter Team Through Stiff Workout

BEAVER FALLS, Nov. 1.—After a day of light workouts, Coach Flenniken resumed hostilities yesterday by sending his men through one of their hardest scrimages of the year for Saturday's tussle with the Grovers. It is believed that the Grovers have one of their strongest teams in years, having won clean-cut victories over Allegheny, Westminster and John Carroll. The Covenanters, battered and bruised from last Saturday are working harder than ever, remembering the set backs handed them by the Crimson eleven of 1925 and 1926 when Bo McMillin's machines were picked to win on both occasions. It took "Bo" McMillin with all his strength and material, three long years to conquer the Crimson and the problem that confronts Geneva followers now is whether or not Mack Flenniken, the youngest coach in the district, will be able to duplicate last year's victory.

The odds on next Saturday's game are about even. Both teams hate to lose to each other and what is more the small college championship is at stake and it is expected that the winner of Saturday's contest will be ultimately the champion.

George Washington, Jr., To Play Ben Franklin

Washington Captured First Game By Score Of Six To Nothing

BOTH ELEVENS HAVE BEEN DRILLED HARD

George Washington Junior High and Ben Franklin will do battle for the second time this season when they meet on Franklin field Friday at 4:15 p. m.

In their first meeting these two teams battled the first three quarters with neither one being inside the other's 20-yard line. With but three minutes to play and the ball in midfield, Washington completed a pass that resulted in a touchdown and a 6-0 win, the first for seven years.

Has Defeated Mahoningtown

Washington defeated Mahoningtown last week and eliminated them from the championship race for junior high honors. However, Franklin is still in the race and a win Friday from Washington will probably cause the league to end in a tie.

Both Coach Norton of Franklin and Gillespie of Washington are drilling their warriors hard for a hard battle. It is expected that a record crowd will witness the clash.

HERE AND THERE IN SPORTS' LAND

By ED. FRITZ

Boys are considerate if you are considerate to the boys. After we gave them all the cider and candy they wanted, we let them see us set the jug of cider on the rear porch and then turned out the light while they were watching.

All of the lights were extinguished. The bull terrier was tightly tied to a kennel, so he couldn't get near the back porch. Soon the light step-steps were heard trudging through the yard. The dog barked. A boy spoke the dog's name. He went back to sleep.

We peeked out through the dark pane. There was the gang. One of them picked up the cider jug. "P-s-s-h! I've got it" he whispered. And then they left. About ten minutes they returned, set down the empty jug in the back yard and decamped.

That is exactly what we expected them to do and to be frank about it, exactly what we wanted them to do. In the days of the writer icecream freezers, gates, swings and signs were taken. The boys of today are more considerate than we were. More power to them.

"Thanks for bringing back the jug. There'll be more cider whenever the cider man comes around.

They tell us that Ad Lang, the butcher, wanted to go rabbit hunting today and knowing that last night was Hallowe'en, he tied "Butch" his rabbit dog a hound by the way, to a post in the cellar. "No one is going to decamp with my dog tonight" said Adolph. Early this morning he was headed for Hammerschmidt's and other farms at Harlansburg.

The semi-final and preliminary bouts at Jolly Bowl certainly look good on paper and Monday night the fans should see five good fights. Joey Godman, the flashy Hebrew, will take on Tony Lupica a fast kid from Toledo and if Joey can get over Tony he will be assured of plenty of fights at Ad Thatcher's club. Frankie Rio, the ex-Farrell high school graduate, will take on Louis Adair, Toledo and Tob O'Leary, the vicious little coal miner of Wilkes-Barre will battle Bernie Dugan of Toledo while Elmo The Mighty, will step with Steve Brown. With Hybert and Firpo in the main bout a whale of action is expected. Tickets are going like hot cakes and anyone who wants a seat can get 'em right now.

Babe Picato, former featherweight, now a junior lightweight, is back home and was about the streets last night with his little son Frank. "I fought in Salt Lake City, enroute to New Castle" said Babe, as he displayed a clipping about the fight. Babe gave Bobby Mason a man's lacing. Babe had Mason staggering all over the place. Babe wants to fight Paul Pirone at 135 pounds or anyone else. "I'll be giving away weight but I'll take anyone on" he said.

Johnny Slate of the West Side and Roy Minteer of the South Side will be on Meadville's card Monday night. Slate will box Louis Severio and Minteer will take on Lee Mosby. Johnny fractured George Compton's jaw and put him out at Centennial field while we figured that Minteer had an edge on Young Ivanno who's right name is Itovino. Minteer is a tougher kid than some think and Johnny hits like a mule kicks.

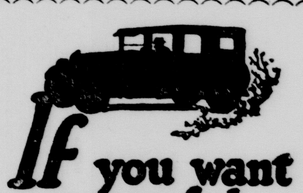

Hoover Optimistic, Talks With Scribes

Hoover Stages Final Conference With Newspaper Men In East On Wednesday

(International News Service)

WASHINGTON, Nov. 1.—Herbert Hoover, Republican Presidential nominee, fairly bubbled over with optimism Wednesday when he met Washington correspondents for the last time before departing for the West.

"I firmly believe we shall win this election without any question of doubt if the people who believe with us go to the polls," said Hoover.

Hallowe'en Mummers Parade To Three Bands Wednesday Evening

Costume Awards Will Be Given To Holders Of Winning Orders

Witches, Pirates, Fairies, Devils, Indians And Tramps Strut The Avenue

ELLWOOD CITY, Nov. 1. — The annual Hallowe'en celebration took place Wednesday evening, with the usual attendant near-zero weather. One shivered to see flimsily-clad Kewpie dolls with bare arms, trying to keep warm and get a prize at the same time.

The parade formed at the P. and E. freight house and wound through the principal streets of the city. Capt. H. J. Jenkins was marshal and was escorted by a mounted guard. Then followed the American Legion drum corps, making a good appearance and providing stirring martial music.

Then came numerous groups of children, (some pretty old) but all possessing the good old Hallowe'en spirit. Some of the costumes that seemed to stand out were: A supernaturally tall ghost with an illuminated face, who soon had a following of admirers, a pirate, Barney Google and his nag; several realistic looking Indians, and six little white-clad girls who spelled out the popular name of "Hoover." Mid-way in the parade came the high school band in uniform, with a tuneful blare of saxophones, horns and drums. Still another orchestra brought up the rear. A "Bum" band, with all the players garbed as tramps and emitting more or less symphonic music.

At the close of the parade the mummers assembled at the freight station to win their prizes, and the winning costumes will be announced in a later issue.

ELLWOOD CITY, Nov. 1.—Eight members of the Happy Hour club masked in fantastic costume and motored to New Castle Tuesday night to the home of Mrs. Will Crozier of Mercer street.

Music and games were the order of entertainment and later suitable refreshments were served by Mrs. Crozier assisted by Mrs. Lindsey.

Members present from Ellwood were: Mesdames Will Gray, Ray Boots, Robert Grandey, Martin Reiner, Harvey Wright, William Weider, Henry Singlelaub, and Edwin Christie. From New Castle were: Mrs. Thomas Crozier and Mrs. Margaret Drake.

Regional Conference Closes Triumphantly

Delegates Leave With A Fine Feeling For Ellwood And The People Here

ELLWOOD CITY, Nov. 1. — The Young Peoples Regional conference which was conducted Monday, Tuesday and Wednesday in the First Presbyterian church closed Wednesday at noon.

Norman Mortensen, as chairman of the arrangements committee, wishes to extend sincere thanks on behalf of the Young Peoples council of Ellwood City for the splendid treatment accorded the visitors by the local churches, and also the ladies of all the churches for their aid in serving those very important factors, the meals, and all others who assisted in making the conference one long to be remembered in Ellwood City.

Wednesday morning the delegates enjoyed a breakfast in the National Tube company cafeteria, which was followed by Morning Watch in the conference church. Gordon Howard gave a splendid talk on "Service in and Through the Church," and Miss Letitia Brown of this city, who has made a name for herself in State Sunday school work, very successfully conducted the closing service.

The noon meal was enjoyed at the United Presbyterian church, after which the delegates dispersed after enjoying three days of religious education mingled with good wholesome recreation.

Malta Knights To Witness Ceremonies In New Castle

ELLWOOD CITY, Nov. 1. — The secretary of the local Knights of Malta has received word from the Deputy Grand Commander of Mercer and Lawrence counties, stating that special sessions of grand commandery of Pennsylvania will take place in New Castle Saturday evening at the Knights of Malta hall, at which time the past-commander degree will be conferred on all past commanders. Doors will be opened to members at 7:30 and 8:30 .

A special program will be presented with Charles J. Schmidt, grand commander of Pennsylvania, and Elia J. Sterner of Harrisburg, grand recorder of the state, as the main speakers of the evening. It is expected that many knights from Ellwood City, will attend the meeting.

Elizabeth Csensus Dies In Hospital

ELLWOOD CITY, Nov. 1. — Wednesday afternoon at one o'clock Mrs. Elizabeth Csensus, aged 44, wife of John Csensus of the Old Country club division, passed away in the West Penn hospital following a major operation.

Funeral services will take place on Saturday afternoon at 1:30 from the Hungarian Presbyterian church with Rev. Harssenna officiating. Interment will be made in the Locust Grove cemetery. Mrs. Csensus leaves her husband and three children.

Ladies Meet And Decide Winter Work

ELLWOOD CITY, Nov. 1. — Members of the Ladies Aid Society of the United Presbyterian church met yesterday afternoon at the church.

A business session was conducted and the ladies decided to hold many money-making activities this winter, the first being a supper early in December.

At the conclusion of the business session a social period was enjoyed after which the meeting adjourned until next month.

VISITING HERE

ELLWOOD CITY, Nov. 1. — E. C. Miller of the E. C. Miller Lumber company and wife, of Aberdeen, Washington, also Mr. Poulson of the Poulson Logging company of Aberdeen, Wash., are the guests of Mr. and Mrs. Thomas L. Haines of the Haines Lumber company of this city, and Rolland and Mervin Haines. In their honor Mr. and Mrs. Haines entertained at dinner Wednesday evening at the Brodhead hotel of Beaver Falls.

High School Team To Clash With Aliquippa Squad

First Of Four Games To Be Played At Home Scheduled For Saturday

ELLWOOD CITY, Nov. 1.—After a well-earned victory over Farrell, Ellwood City High will clash with Harding High of Aliquippa here Saturday. This will be the first of four games scheduled on the home field.

Again Coach Lee and his gridders are pitted against what is supposed to be a superior foe. Harding High, at the first of the season was rated the strongest team in the valley, but failed to live up to expectations having only one victory to its credit. Nevertheless, it is still ranked high and looms up as a tough foe for the blue and white.

Two of the Aliquippa games have been deadlocks, the first occurred against New Brighton and the second, last Saturday, when Beaver upset the apple cart playing a scoreless tie with Harding High. Beaver Falls won the first contest from Aliquippa but only by a small margin of one touchdown and was even outplayed by the latter eleven.

Ellwood seems to have improved in its playing and due to the game being at home, may bring a victory for the Lee men. If they can play with the same spirit as displayed against Farrell, Ellwood will have a good chance at copping the laurels.

Several of the local gridders may not play. Justine, who has been having considerable trouble with a bad knee, has not rounded into shape. Duncan is ineligible and Lawrence is said to be sick. Aside from these, the blue and white squad is in good condition. Lee is expecting a hard struggle, and is drilling the squad to their best form. Aliquippa will come here with a spirit of revenge for last year's defeat, and will do their utmost to carry home the bacon. A large crowd is expected to turn out for this exciting contest.

Lindbergh Safely Lands Plane After Perilous Journey

Remarkable Flight Over Mexican Wastes And Mountains Made By Lindbergh

(International News Service)

MEXICO CITY, Nov. 1.—Col. Charles A. Lindbergh, who has just reached Hacienda Terranates, Chihuahua, to hunt cinnamon bear, made one of the most remarkable flights in the history of Mexican aviation to get there, according to a dispatch from Chihuahua Wednesday. He and Col. Alexander McNab, military attache to the U. S. embassy in this city, flew 500 miles over one of the most desolate deserts on the American continent. No aviator had ever dared to traverse this region before. In addition to desert the flyer had to pass over the lofty, jagged ranges of the Sierra Madre mountains.

Col. Lindbergh, who had been hunting deer and antelope on Hacienda La Babia, Coahuila, will be the guest of Luis Leon, minister of agriculture, for the rest of his hunting trip.

Masquerade Event Is Pleasing Success

Auxiliary To Spanish American War Veterans Puts On Unusually Fine Affair

Annual masquerade event held under the auspices of the ladies auxiliary to Colonel Daniel Leasure Camp, United Spanish American War Veterans, on Tuesday evening at the Legion Home, was very successful. It was very largely attended by Spanish American War Veterans of the district, their wives and families.

The program of the evening included musical selections by Nellie Brady and Julia Patterson. Harold C. Hunter, secretary to Congressman J. Howard Swick, brought the greetings of the congressman, who was unable to be present. Other speakers of the evening were Attorney Orville Brown and W. H. Dunlap. There was also a song by Florine and Alma Longstreth, accompanied by their mother, Mrs. Charles Longstreth and a song and dance by Mary Elizabeth Suber with Nellie Brady as accompanist.

The masquerade costumes were unique and the prizes awarded to those who had the best costumes went to Mrs. B. K. Thacker, Miss Nellie Brady and Miss Mary Davies. The judges acting in this feature of the evening's entertainment were Scott B. Hamilton, Edward Carr and C. Ed Brown.

The fortune telling booth was in charge of Mrs. H. Clare Stockman and Mrs. Edward Grasser. The candy booth in charge of Mrs. Frank Nessle and Mrs. Milton Tyler. Mrs. E. J. Suber was general chairman and the refreshment committee consisted of Mrs. Edward Carr, Mrs. W. H. Dunlap, Mrs. Homer Drake Mrs. Orville Vanhorn and Mrs. Edna Vaughn.

BOY SCOUTS OF ST. LUKE'S CHURCH TO RECEIVE CHARTER

J. Lee Calahan, Scout Executive of Lawrence County will be present and will present the charter to the troop.

Preceding the meeting at 7 o'clock the Stewardess Board of the church will meet. The following women are asked to attend: Mrs. Amanda Lowery, Mrs. Lottie Guy, Mrs. Stella Brown, Mrs. Helen Fielding, Mrs. Minnie Harris, Mrs. Elsie Webber, Mrs. Maude Derr, Mrs. Mary Cooper and Mrs. Roberta White.

Terhune Offered Music Hall Job

(International News Service)

BERLIN, Nov. 1.—The manager of Liberty Music Hall in St. Louis Wednesday cabled to United States Consul Hurst that he would pay Clarence Terhune, the Graf Zeppelin stowaway, $700 for a week's engagement on the stage. In addition $300 was promised to pay Terhune's traveling expenses. The cablegram urged the consul to get in touch with Terhune the moment he landed at Friedrichshafen and to give a quick answer to the offer.

An eclipse of the moon is scheduled for November 27. Another eclipse is due for November 6, but the victim has not yet been selected.—The Louisville Courier-Journal.

Six Hundred Gems From Wrecked Air Mail Plane Safe

Believe Traveling Salesman May Have Picked Up Few Precious Stones

(International News Service)

FRANKLIN, Pa., Nov. 1. — With announcement today that twenty more of the precious stones had been returned, postal authorities here had recovered 600 diamonds of the cargo lost from the airplane which crashed near Polk, killing pilot William Hopson, last Oct. 18.

Detectives said they are now on the trail of a travelling salesman who is reported to have obtained several diamonds the day after the wrecked airplane was located.

All residents of this district who secured gems in the "diamond rush" have returned their finds, postal inspectors indicated.

Evil associations corrupt good manners, and it's no wonder teeth are false after associating with a tongue like that.

The man who growls about extravagance isn't implying that his wife should save part of her $8 a month, but merely trying to make his own good resolutions stick.

N. Y. STOCKS

(International News Service)

NEW YORK, Nov. 1.—Sharp rallies in the motor, oil and industrial stocks at the beginning of trading today was attributed partly to short covering and partly to investment and speculative buying stimulated by the new crop of favorable industrial and business news reports. Among them was the report that the Pennsylvania railroad would electrify a section of its lines at a cost of $100,000,000, to be distributed among a number of the big electrical manufacturing companies.

The copper stocks were also strong and active, with Anaconda rising above 90. Chile Cerro De Pasco and America Smelting sold higher. United States Steel rose 2 points to above 161, as American Steel Foundries spurted in active trading. International Nickel established a new high above 194 on favorable merger developments.

With call money at 7½ per cent, bankers held out the hope of easier money after the election, when the bulk of the November interest and dividend disbursements will have returned to the ranks.

Terhune Given Big Reception As Graf Lands

St. Louis Youth, Stowaway On Zeppelin, Receives Many Flattering Offers

FEW GERMAN GIRLS PROPOSE MARRIAGE

Welcome Given Daring Former Golf Caddy Equals That Of Dr. Hugo Eckener

CLARENCE ("RED") TERHUNE

(International News Service)

FRIEDRICHSHAFEN, Nov. 1.—A reception almost bigger than that accorded Dr. Hugo Eckener, commander of the Graf Zeppelin, was given Clarence ("Red") Terhune, 19-year-old St. Louis youth, when he arrived here today as a stowaway on the trans-Atlantic dirigible. The fame of the first trans-Atlantic air stowaway had preceded him and men and women united in a greeting that was both boisterious and affectionate.

With all danger of arrest past, thanks to the intercession of J. E. Kehl, United States consul at Stuttgart, "Red" settled down this afternoon—as far as his admirers would permit—to consider the offers of jobs and emoluments that have been pouring in here for three days and nights. Offers of marriage from comely young German girls mingled with propositions from vaudeville and moving picture concerns, newspapers and commercial enterprises.

To Think It Over

"Red" indicated that he wanted to take some time to think them all over and intimated that he might not announce his decision until he gets back to America. He is going back on a ship as a first class passenger. His days of stowing away are over—likewise his days of caddying on the golf links. The stowaway business has put him upon the ground floor in the game of wealth and he is in a fair way to make a fortune out of his nervy venture upon the Graf.

"It was certainly great," Clarence told International News Service as he recalled the reception he had received from the throng of thousands about the zeppelin hangar. "I did not expect anything like that. Why, it was not as hard as crashing the gate at a Tunney fight. I am glad of the adventure. It was an experience I will never forget. I guess it will get me something, too."

Women Kiss Him

After a few passport formalities "Red" was taken to the zeppelin hangar. But on the way the crowd recognized him and he was hoisted to the shoulders of a couple of stalwart Germans while the people cheered. When he got his feet upon the ground women in the front rank tried to hug and kiss him. "Red" was somewhat embarrassed at first, but this quickly wore off.

There were loud shouts of "Hoch, hoch," when "Red" appeared at the window of the hangar and a battery of cameras began to take his picture.

Is National Hero

For a time the officers of the Graf, including the commander, Dr. Eckener, were in the background while the crowd milled about the window demanding autographs from the young American traveler.

After the crowd had thinned out and "Red" was departing he told his new found friends that he had passed through a lot of adventures in his short span of life, but nothing like that of the past few days.

"Red" will be allowed to travel all over Germany despite the irregular manner in which he entered the country. He has become sort of a national hero and the officials are going to put no hindrance in the way of his movements.

"He was a good boy and was willing to work when we found him on the ship," Capt. Lehmann told the American consul.

An apartment house which goes in for flunkeys, recently blossomed out with a new doorman. When a gentleman called and asked to see Mrs. Brown, the new attendant, true to his calling, detained him with the customary, "But is Mrs. Brown expecting you?"

The caller withered him with a glance.

"My good man," he said, "Mrs. Brown was expecting me before I was born. She is my mother."

Let the candidate for Vice President get all of his opinions out of his system now. He won't need any for four years.

Union-Hickory Battle Friday

Union High Gridders To Meet Strong Mercer County Eleven Friday

GAME SCHEDULED AT 3:30 O'CLOCK

Union High school football team tackles a gridiron outfit Friday at Scotland Lane, at 3:30 o'clock that may give the locals a stiff engagement. The team in mention is Hickory High from Mercer county.

The Hickory High team has been cutting quite a caper in football circles of Mercer county this year and are well on their way to the Class B championship of Mercer county. Last year the Hickory High team cleaned up on all competition to annex the title and they have practically the same eleven this year. They figure to give the Burnham coached team a hard battle.

Coach Burnham today in making known his possible lineup for the Hickory game, announced that Rech would start at fullback replacing Chill who has in turn been stationed at a guard berth on the line.

Union will likely use the following players in the game tomorrow afternoon: Ends, Lanigan and McConahey; tackles, Augustine and Morrison; guards, Pattison, Stockman and Chill; center, Clark; quarterback, Scheik; halfbacks, Thompson and Jaworski; fullback, Rech.

This is one of the biggest games of the year on the Union grid program and should draw a big crowd to Scotland Lane field.

Unsightly Skin Eruptions Gone In Three Days

Those bad looking red eruptions of the skin that humiliate you and keep you from social gatherings—what are you going to do about them?

If you are wise and want to get rid of them so quickly that you will be astonished you'll get a 35 cent box of Peterson's Ointment today and let its mighty healing power make you joyfully happy in just a few days.

You'll praise it to your friends ever after, for it surely does heal and leaves the skin clear, healthly and good to look upon.

And here's something more that a multitude of Peterson's Ointment friends know—make a note of it.

This good old remedy is just as healing for eczema, pimples, rashes and ulcers as it is for skin eruptions and if you doubt it ask any broad minded druggist.

Keep it in the house for burns and scalds, bruises, scratches, itching skin, chafing and like ailments.

HERSHEY'S FUN

Hershey, chocolate manufacturer, built a magnificent home in Hershey, Pa. He also has a golf course of 170 acres adjoining his grounds. Recently he gave away the golf course so that a community club might enjoy its advantages. And now it is announced that he will give away his magnificent home, so that it may serve as a clubhouse. This man has now given away most of his great fortune in benefactions for the many. Probably there isn't a happier rich man in America than Hershey. It is fine to leave money in the terms of a will. But what a "kick" out of life a man must get who brings joy to hundreds and perhaps thousands by using his millions while he still lives.

BIG BUSINESS

When we say "big business" we are usually thinking of private industry. But there is bigger business than that. Half of the sixteen billions in Liberty bonds floated in wartime have been paid off and retired. This is the big business of a very wise man, Andrew Mellon, secretary of the treasury. In no other way is America more fortunate than in the service of the really great men which this republic can command. There are many little men in both large and small offices. That is a pity. But few little men have ever been elected to the presidency. There have been few little men in the cabinets of the presidents. The men running for the position of president of the United States today are big men, capable, honest and loyal citizens. Either one will be able to bring big men into his cabinet. The government at Washington will still live.

MEALTIME

Mealtime should be a happy time, says Dr. Bundesen, famous Chicago authority on health. Anger, rage, excitement spoil your appetite and damage your digestion, he thinks. Laughter is a great exercise to take with eating. Be pleasant at mealtime and you're pretty sure to be less unpleasant the rest of the day.

WOMEN CARRYING ON

Women carry the home burdens, but many still find time to go out into the world of competition and carry on. A Chicago convention not long ago, disclosed among those present a woman undertaker, a woman iron manufacturer, a woman accountant. No need to call attention to the growing ranks of women in law and medicine. And why not? The world surely needs the best in brains, and no sex has yet secured a monopoly.

Roaming Round With Richards

Some News, Some Views, But Mostly Just Observations Of Interesting Things Around New Castle

You may not have been downtown last night, but there wasn't many people who didn't get down. The last crowd like that on Washington street was the year the Eskimos and reindeer were here during the Christmas season. From the P. & L. E. station to the public square was almost a solid mass of folks and if you are much of a judge of crowds write your own ticket.

Maybe there were 25,000 and perhaps there were more, but the thing is, there was an immense crowd with no disorder and a host of fun.

The streets were policed well and the crowd was efficiently handled by the officers. Every available man was out, it seemed, but the crowd seemed to want to cooperate to make the affair a happy one.

It may not have occurred to you, but those three lads at the head of the line, Capt. T. Wilbur McCullough, John D. Kennedy and Ivor V. Davis, were parading just ten years ago also. Not in Hallowe'en celebrations but in a rather grim sort of business over in France.

Ten years ago last night McCullough was a lieutenant and was on his way up to the front with his outfit. Davis was with the 308th ammunition train, and I believe Kennedy was in a French hospital taking time out while a shrapnel wound healed up.

All the aides in the line last night, with the exception of a few, were ex-service men. Did you notice that the line moved out just exactly at 8:30? And did you also notice that the parade moved along with precision? It's always the same story with anything the ex-service men handle. They were taught in the army to get out on time, and the habit still clings.

Reports of depredations for the past few nights have been few and far between. Another recommendation for a celebration.

Bishop Berry Here This Evening At First M. E. Church

Outstanding Platform Speaker Of The Country To Speak On Political Conditions

Bishop Joseph F. Berry of Philadelphia, one of the outstanding platform speakers of this country and a prominent figure in Methodism, will speak this evening in the First M. E. church of this city at 8 o'clock.

Bishop Berry is well able to speak upon political conditions in the United States, having just returned from an extended trip through the south and west.

Bishop Berry is being brought to New Castle by the Anti-Saloon league. He has spoken here on previous occasions and no doubt will be greeted with a large and interested audience when he appears this evening.

To Build Concrete Connecting Link To Bessemer Road

Lawrence county will be connected with Ohio by concrete, and the small stretch between Bessemer and the line will be made into a paved road. This is apparent from the fact that bids are being asked by the State Highway Department for the construction of 5231 linear feet in Mahoning township. The bids are to be opened and probably let on November 23 in the offices of the State Highway Department in Harrisburg, Pa.

At the same time, bids will be opened for the grading of 675 feet of road, 28 feet wide, in Mahoning township.

Doctor Found What is Best for Thin, Constipated People

As a family doctor at Monticello, Illinois, the whole human body, not any small part of it, was Dr. Caldwell's practice. More than half his "calls" were on women, children and babies. They are the ones most often sick. But their illnesses were usually of a minor nature—colds, fevers, headaches, biliousness—and all of them required first a thorough evacuation. They were constipated.

In the course of his 47 years' practice (he was graduated from Rush Medical College back in 1875), he found a good deal of success in such cases with a prescription of his own containing simple laxative herbs with pepsin. In 1892 he decided to use this formula in the manufacture of a medicine to be known as Dr. Caldwell's Syrup Pepsin, and in that year his prescription was first placed on the market.

The preparation immediately had as great a success in the drug stores as it previously had in his private practice. Now, the third generation is using it. Mothers are giving it to their children who were given it by their mothers. Every second of the working day someone somewhere is going into a drug store to buy it. Millions of bottles of Dr. Caldwell's Syrup Pepsin are being used a year.

Its great success is based on merit, on repeated buying, on one satisfied user telling another. There are thousands of homes in this country that are never without a bottle of Dr. Caldwell's Syrup Pepsin, and we have gotten many hundreds of letters from grateful people telling us that it helped them when everything else failed.
